## READI-CUT HOMES

(NOT PREFABRICATED)

This book is the 57th annual edition of the Aladdin catalog. It contains the accumulated experiences and knowledge of 57 years of designing and manufacturing Aladdin Readicut Houses for American Home Builders.

**SERVICE  
AND  
SATISFACTION**

**QUALITY  
AND  
LOW PRICES**

## **ALADDIN'S YEARS OF EXPERIENCE**

REPUTATION IS THE MOST VALUABLE ASSET. Customers of over FIFTY-SEVEN YEARS may write to The Aladdin Company today and know that the management is unchanged, and that they are writing to and dealing with old friends. Who can better know the building needs of the homebuilder or better know how to fill them than the men of Aladdin who originated the Read-Cut System of Home Building—the pioneers of “Do-It-Yourself.”

A large and successful manufacturing firm can be built only upon a foundation of Honesty, Service, and Savings to its customers. Aladdin maintains leadership because it progresses and develops new ideas year after year. All plans and designs are thoroughly studied and correctly engineered before they are offered to the public. Although other companies have come and gone, we at Aladdin are proud of our long existence due to the fine Service and Satisfaction given our customers for over FIFTY-SEVEN years. Our Guarantee: “Satisfaction Or Your Money Back.”

### **Aladdin's Unconditional Guarantee**

gives you absolute protection. We GUARANTEE all materials furnished by us for your Aladdin Home to be exactly as represented in our catalog and specifications and as may be modified by your order. We GUARANTEE materials in sufficient amount to complete the home according to the drawings and specifications furnished by us. Further, we assume ALL responsibility for the SAFE ARRIVAL of all materials at destination.

The QUALITY and QUANTITY of all materials, as guaranteed by us, gives you the strongest protection possible when backed by the OLDEST MANUFACTURER of READI-CUT HOMES in the world, with a record of OVER FIFTY-SEVEN YEARS of honest dealings with home builders throughout the entire United States and forty Foreign Countries.

W. J. SOVEREIGN, President

# ALADDIN ORIGINATED THE READI-CUT SYSTEM OF HOME BUILDING

We have experienced every problem, every situation that can possibly arise in the fascinating project of creating a home, and our instructions, advice, and help have made it possible for inexperienced home builders to build their own Aladdin Homes. Over one-half of our customers do all or part of the construction work themselves. No Aladdin Home is offered to the public until our engineers have carefully checked every construction detail. You get the newest in design, plans, and material.

**BELOW IS AN INDEX OF SUBJECTS DESCRIBED IN THIS CATALOG.  
IF QUESTIONS ARISE ON A SUBJECT NOT LISTED, WRITE US.**

## ALADDIN INVITES YOU

to visit our offices located in Davidson Bldg., at Fourth and Washington, (entrance 916 Washington Avenue) and our mill where you can inspect our materials and see the homes being manufactured

**"ONE SEEING IS WORTH A THOUSAND TELLINGS"**

**COME VISIT US**

### ALADDIN MILLS AT BAY CITY

MAIN BUILDING FOUR BLOCKS LONG. Bird's-eye view of Aladdin Mills. Between five and six million feet of thoroughly dry lumber is housed under cover at all times in the five large Aladdin Mill Buildings shown above. No lumber is piled out-of-doors. Our lumber enters the cars directly from inside storage and reaches you without being subjected to rain or moisture.

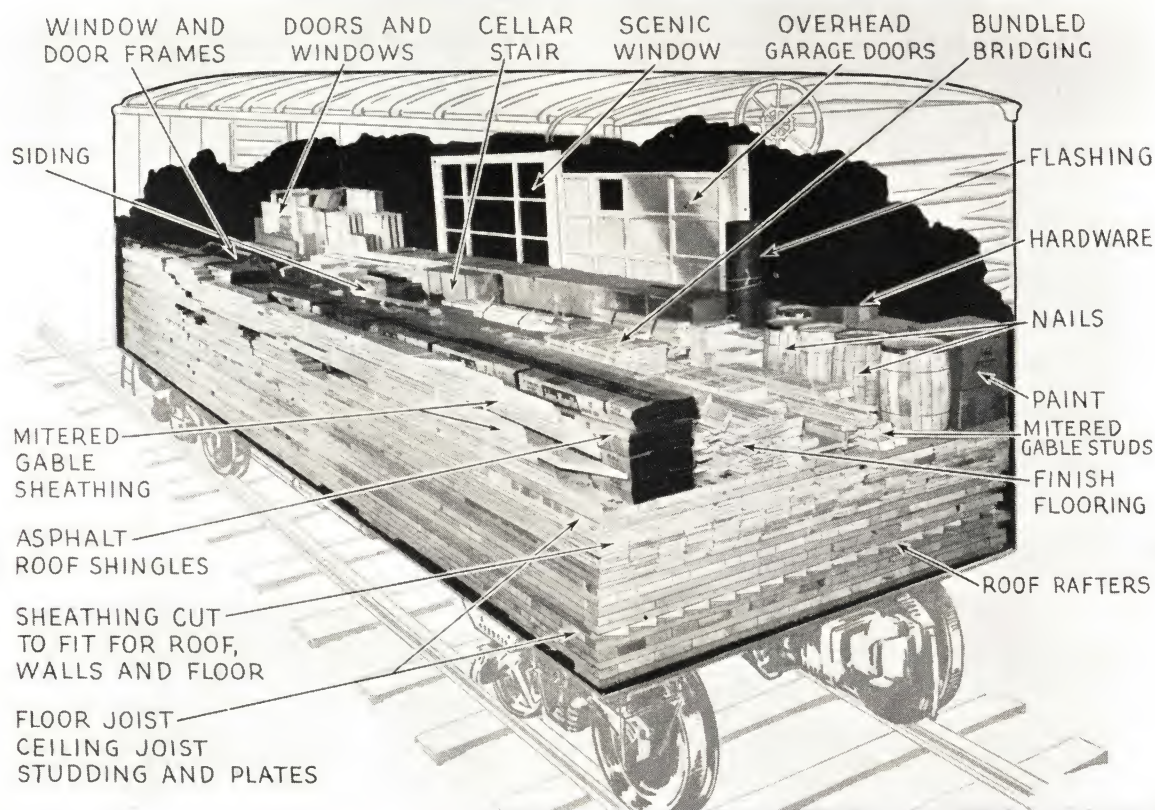

One automatic Aladdin saw can cut to exact lengths 32,000 to 38,000 feet of 1"x6" in an eight-hour day. These electrically operated saws cut with lightning speed and accuracy. This is just one example of the substantial savings we pass on to you by using up-to-the-minute machinery.

**Aladdin Read-i-cut Houses are planned by experts, designed by highly trained specialists, and manufactured by skilled workmen in a plant built and operated for this purpose alone. Millions of Dollars have been invested in our facilities to reduce manufacturing costs.**

# HERE'S HOW YOUR ALADDIN HOUSE IS SHIPPED

The "Phantom" railroad box car pictured below illustrates graphically, by its contents, the manner in which you will receive your Aladdin house. The greatest of care is used by our loading crews, following a detail plan, to insure against damage in shipping. A skilled employee stands at the car door to check off every item against our shipping list. The studding, rafters, joists, and sheathing are loaded first at the bottom of the car. The flooring, finish lumber and other parts of the house are carefully dispersed and braced at the top. You receive, as soon as your house is shipped, a complete bill of materials included in the car. While the cubic contents of this loaded Coronado No. 1 occupy only 1920 cubic feet, when erected the house contains 13,392 cubic feet of staunchly built floors, walls, ceilings and roof. And remember that our unlimited guarantee of sufficient quantities and safe arrival of every item protects you completely.

## QUICK SHIPMENT

We can ship any regular home in this catalog within ten days to two weeks after we receive your order. The average time required for delivery after leaving the factory is from three to five days. We prefer to be given a little more time if convenient to you. Our homes are shipped complete at one time in a sealed box car from our mill.

## WE SHIP COMPLETE HOUSE IN SEALED BOX CAR

# ALADDIN'S NEW

## ALADDIN HOME-BUILDING NOW BECOMES PLACE AND NAIL

Yes, it is as easy as that, the B-I-Y way. Conventional construction requires: 1) numerous parts, 2) large handling costs, and 3) large marking, cutting, and nailing costs. The new B-I-Y system reduces all this to a minimum, making home building a pleasure rather than a chore.

To build a 16' wall the **CONVENTIONAL WAY** requires:

1. A bill of material.
2. Purchase of individual items needed and these items delivered to building site.
3. Marking and checking all top and bottom plates.
4. Measuring for proper length; cutting, and nailing together all corner posts, partition posts, window and door opening posts, and all headers.
5. Spreading top and bottom plates, putting all framing members into proper position, and nailing.
6. Cutting and applying outside wall sheathing.
7. Nailing together all window and door frames, plumbing each, applying outside window and door casing, and hanging door (mortising for hinges, bolt plate, strike plate, and drilling for lockset).

Conventional

B-I-Y

**COMPLETION TIME REQUIRED TO COMPLETE STEPS ONE THRU SEVEN ABOVE:**

Conventional, 6 Hrs. 50 Min.; **B-I-Y**, 2 Hrs. 48 Min.

The **ALADDIN B-I-Y WAY**: *place and nail*; it is as simple as that.

# B-I-Y SYSTEM

## WHAT IS THE B-I-Y SYSTEM?

It is a simplified, time-saving, erection system which leads to lower costs through reduced completion time, whether built by yourself or erected by others. The B-I-Y system makes home building simple because you receive:

1. **DETAILED CONSTRUCTION DRAWINGS** and instruction book showing proper erection procedure;

2. **HIGH QUALITY READI-CUT MATERIAL** for perfect fit and ease of erection;

3. **PRE-MARKED** floor joist headers for floor joist location; pre-marked outside walls and inside partitions for proper location of framing members, etc.

4. **PRE-NAILED** corner posts, partition posts, window and door opening posts, headers, and all floor joists double members;

5. **PRE-ASSEMBLED** window frames and pre-hung inside door units (frames pre-assembled with door and hardware applied): Pre-cut Package trim included;

6.  $\frac{1}{2}$ " plywood for sub-floor, outside wall sheathing, and roof sheathing, or, 1 x 6 sheathing or insulation board at no extra charge.

You **SAVE TIME**; you **SAVE MONEY**; you build a **QUALITY HOME FOR LESS**, the **ALADDIN B-I-Y WAY**.

## THE CANYON Radiantly Modern

PLAN No. 1

PLAN No. 2

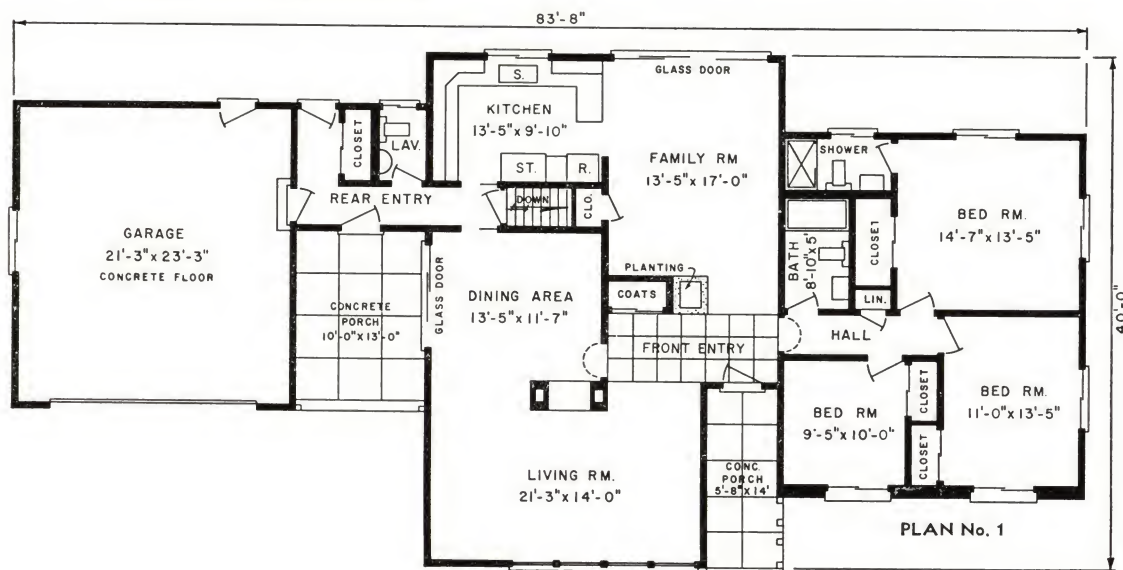

This modern plan is designed with a fresh, radiant exterior. The front porch provides shelter for the front door which is accented by a long light of glass at the left of the door. The spacious living room in Plan No. 1 is well-lighted with large scenic window in the front, and horizontal sliding windows at the side and rear. There's good circulation from the kitchen-family room through a central hall leading to the three generous-sized bedrooms. Plenty of closet space is available, too. While one bathroom serves all three bedrooms, a lavatory with shower has been placed near the family room and kitchen for convenience. Write for specifications.

## THE BRIGHTON Fresh, Glowing Beauty

This is an ultra-modern design. The ceiling in the front entry, living and dining room, family room and kitchen will follow the contour of the roof with an exposed beam running through the center of this entire section at the peak of the roof. Note the sliding doors in the family room which open onto the rear terrace. Write for specifications.

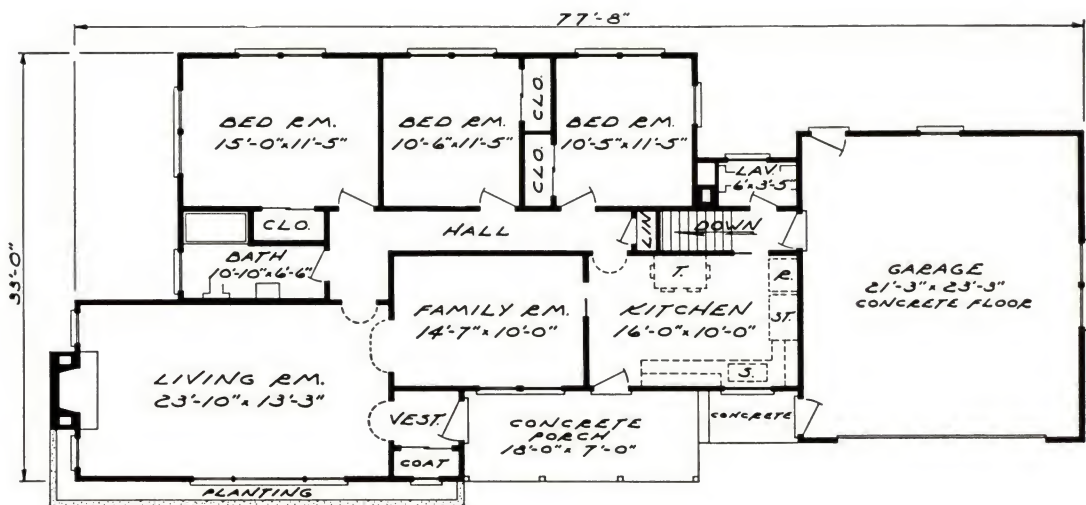

## THE ORLANDO

## Modern Styling

In this modern design, Aladdin has glamorized the exterior with the charm of herring-bone pattern in the front gables. The contemporary "family room," located between the kitchen and living room, makes possible visiting with the family while the homemaker prepares meals or performs her other household duties. It can also double for a dining room for formal entertaining. Note the central hall which gives access to every room in the house. This is a step-saving arrangement for the entire family. A lavatory is conveniently located to the kitchen and rear entrance thru the garage—a "must" for children coming in from play or for the home gardener. This is truly a home of distinction, suitable for city or country living. Write for specifications.

PLAN No. 1

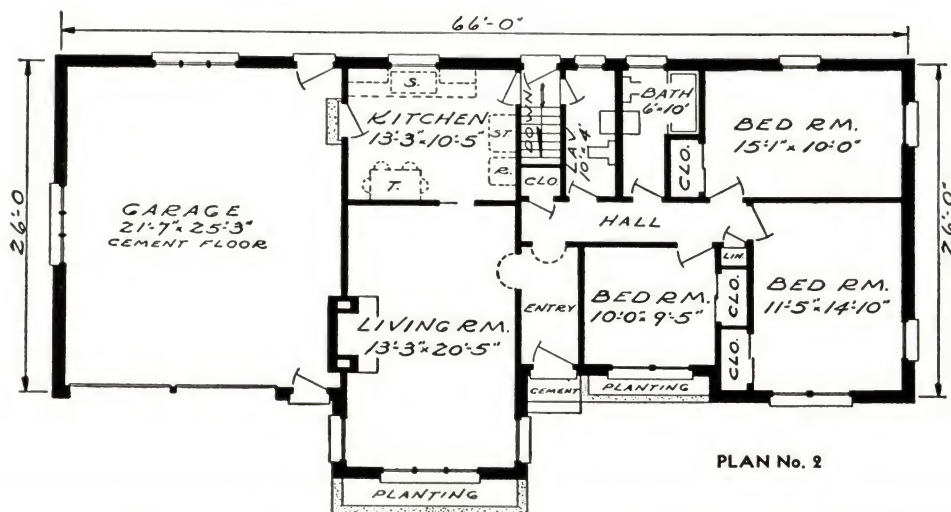

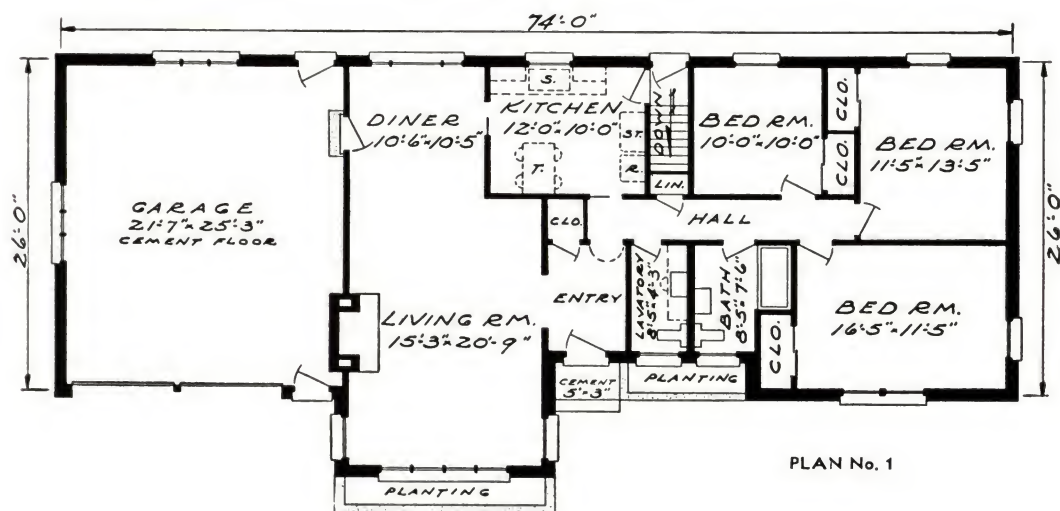

## THE EMBASSY

## Sense of Grandeur

An architectural masterpiece designed for brick veneer. Note the convenient entry, central hall, full bath and lavatory. Siding quoted for exterior on request. Write for specifications.

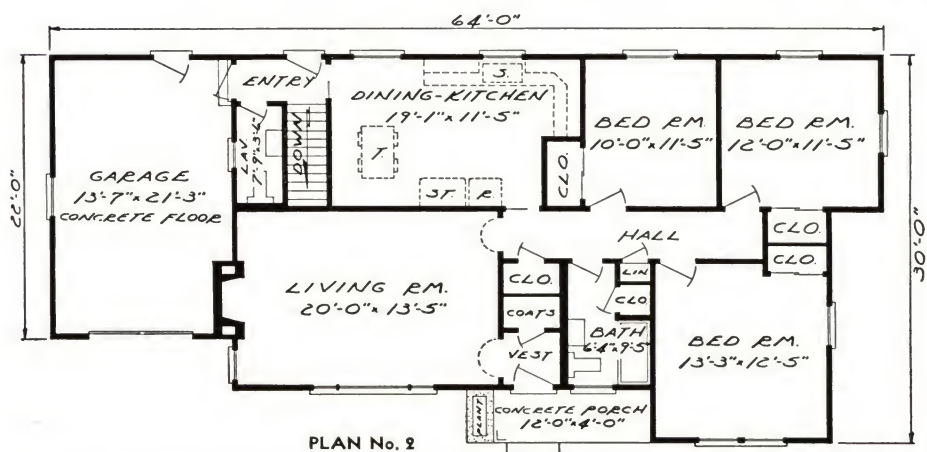

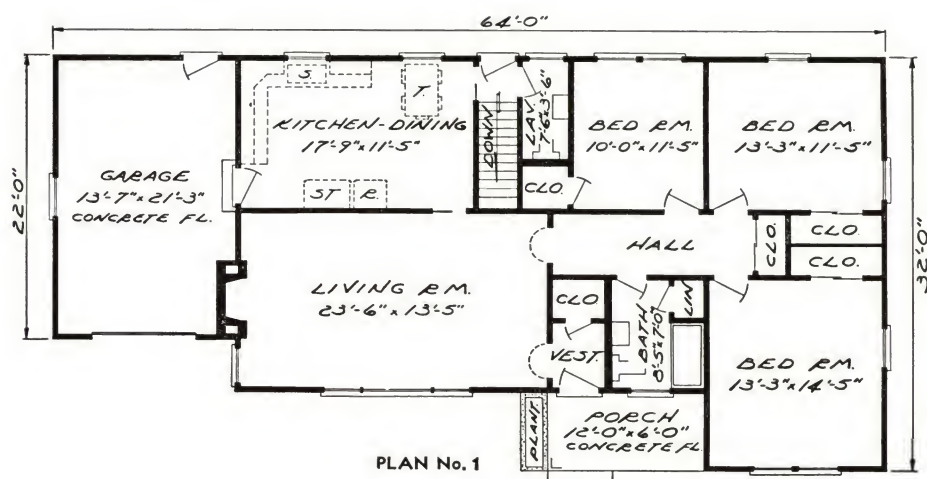

## THE DEL RAY

## Enduring Beauty

The enduring beauty in the graceful lines of this creation gives distinction and lasting charm to your home. Study the floor plans and note the many desirable features incorporated into this lovely home. Write for specifications.

## THE EVANSTON

Ideal for Corner Lot

PLAN No. 1

PLAN No. 3

The entrance of this charming home is ideal for use on a corner lot or narrow lot. The scalloped vertical boarding as shown in the gables and the horizontal siding on the body makes possible a wide range of color combinations. In Plan No. 1, the center bedroom is planned so you may use it as a utility room. Both plans have an excellent kitchen arrangement with dining space incorporated. Write for specifications.

*"Seeing is  
Believing"*

**Call on Owners

## THE KINGSBURY

## Future Expansion

A distinctive story and one half design. Brick veneer on lower portion, optional. Siding quoted on request. Write for specifications.

### FUTURE EXPANSION

We show here suggested floor plan arrangements for the second floor. At prices quoted for both plans, we include stairway to second floor and sub-floor, but otherwise unfinished.

## THE MONTEREY Hospitality House

A purely conventional home incorporating all of the modern conveniences. Siding is furnished where brick veneer is shown. The expansive living rooms in both floor plans have beautiful front and rear views thru the large scenic windows. Price on the Plan 1 includes finishing second floor as shown. Price on the Plan 2 includes stairway and subfloor only. Finish materials quoted if desired. Send for specifications.

PLAN No. 1

PLAN No. 2

SECOND FLOOR PLAN

SUGGESTED SECOND FLOOR PLAN

## THE EL RANCHO Designed for Comfort

This home is a Modern Beauty. We have included siding where stone is shown on front wall. If you plan to use stone, allowance will be quoted for omission of siding. Write for specifications.

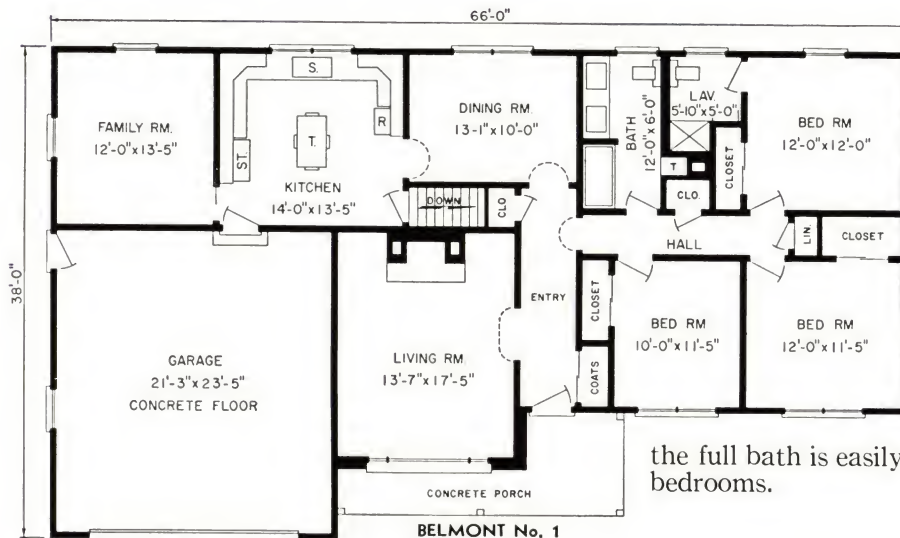

## THE BELMONT

## Graceful Lines

Thoughtful designing has produced this delightful ranch type home with efficient traffic pattern starting from the entryway and extending throughout the house. The family room is ideally located next to the kitchen and away from the quiet area. The master bedroom has its own shower room and

the full bath is easily accessible to the other bedrooms.

Dear Sir:

Different ones ask me how the Company is to deal with. Also, the quality of everything. I tell them that everything is the best. We have different homes going up around here. They claim that they are cheaper and they are !! All you have to do is look through one or ask questions and you find out the reason. Our Aladdin home has quality materials and is well built.

Sincerely,  
E. McK.,  
Lake Geneva, Wisconsin

## THE AUSTIN

## Completely Modern

This home is a striking example of the latest trends in modern home styling. It is designed for use on a narrow lot, priced without siding for brick veneer. (We do not include the brick.) 8" Redwood vertical boarding which can be finished natural or painted with your choice of color is included for the front wall as shown. If you wish to use siding or shingles on the entire exterior, write for prices. The carport provides protection for your car in inclement weather and is included in our price. Plan No. 1 has an excellent U-shaped cabinet arrangement with dining area at the opposite end of the kitchen. Note the open living-dining arrangement in Plan No. 2 with large scenic windows at front and side. Each plan has three roomy bedrooms with large closets. Write for specifications.

## THE GLENVIEW

## Charming Simplicity

GLENVIEW PLAN No. 1

GLENVIEW PLAN No. 2

The suggested combination of brick veneer and Redwood Vertical Boarding on this house, combined with wide protecting eaves and gable exposures, make it a welcome addition to any locality. The list price includes vertical boarding where brick is shown. If you wish to use brick, write for allowance for omitting the vertical boarding. Every bit of space in this "compact beauty" has been utilized to provide two floor plans, each with plenty of closet space and a central hall. The short glide windows afford increased usable wall space underneath them. Here is a modest house which achieves the maximum of home comfort, convenience and utility. Write for specifications.

**BUILD YOUR  
OWN HOME**

Dear Sirs:

We are pleased with our home and have had so many wonderful comments on the marvelous way in which it went together and the material in it. We find it is the warmest and snuggest house in our community on these cold Wyoming winter nights.

Thank you again for the excellent service you have given us.

H. N. W., Kaycee, Wyoming

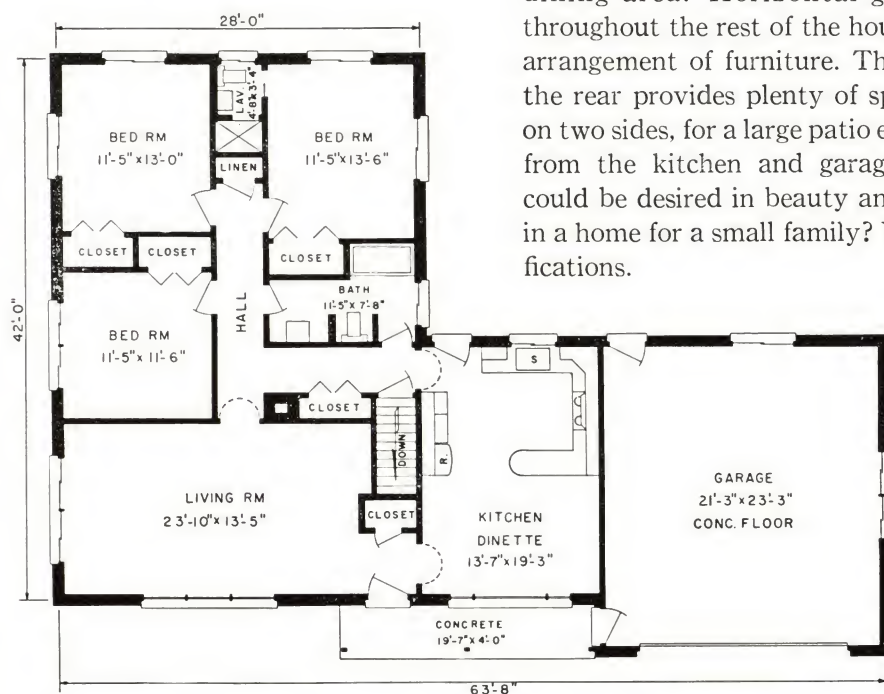

## THE MEDFORD

## Striking New "L"

Strikingly arranged with brick veneer and vertical boarding, the L-shaped "Medford" has a narrow, gallery-type porch providing sheltered entrance to house and garage. This masterful design locates the living area at the front and sleeping area at the rear. Note the master bedroom with private shower and the convenient utility closet in the hall. Contributing plenty of sunshine and a pleasant outlook are the large scenic windows in the living room and

dining area. Horizontal glide windows throughout the rest of the house permit easy arrangement of furniture. The open "L" at the rear provides plenty of space, protected on two sides, for a large patio easily accessible from the kitchen and garage. What more could be desired in beauty and arrangement in a home for a small family? Write for specifications.

## BUILD IT YOURSELF

Page 66 explains how many Aladdin customers have built their own homes without previous experience or outside help. You, too, can build your own Aladdin Home.

## SAVE TIME—MONEY

Pages 6 and 7 tell how and why you will save thousands of dollars on your new Aladdin Home. Be sure to read it thoroughly and write for names and addresses of Aladdin Homeowners near you.

## THE SHADY LANE Comfort and Style

Truly contemporary styling at its finest has been accomplished in the Shady Lane. The centrally located living room, readily accessible from all other rooms is an important, step-saving feature to the homemaker. Write for specifications.

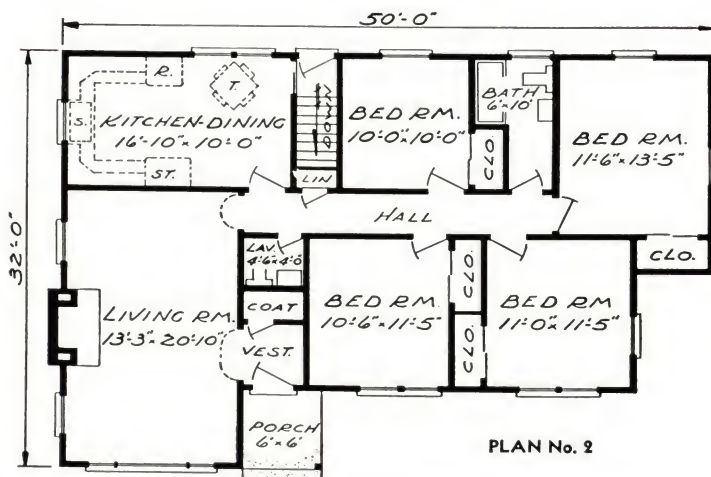

## THE DENVER

## Stunning Simplicity

The beauty of simplicity is portrayed in our lovely Denver. You have a choice of a three bedroom plan with separate diner or a four bedroom plan with combined kitchen-diner. Write for specifications.

## THE SHARLEAR

## Modern Simplicity

SHARLEAR PLAN No. 1

Supremely good taste was employed by our designers when they formulated the Sharlear. It is an architectural gem, clean in line, with a simple beauty. Two sizes are illustrated. These plans merit the closest study which will result in highest approval of the skill of the designers. Thoughtful consideration has been given the comfort and needs of the family. Well-proportioned rooms, ample closet space, and step-saving placement of communicating rooms testify to the values of the Sharlear. The low pitch roof, wide eave projection, sheltered entrance, and extended gables mark this home as one of Aladdin's "Best." Write for specifications.

SHARLEAR PLAN No. 2

Gentlemen:

I consulted two first rate contractors here on the construction of my home. As a comparison I naturally asked them for competitive bids on a custom job, with the precise duplicate of your specifications.

Neither one would attempt to compete with you, as they both stated they would endanger a loss to themselves by duplicating your specifications. Congratulations, gentlemen, you prove your point!

One fact, which I appreciate as much as good materials, is your manner of doing business; when a person can negotiate thru catalog and mail, on a subject the size of my Shady Lane and not run into snags of any nature, it is hard to believe.

Thank you again for the pleasure of dealing with you.

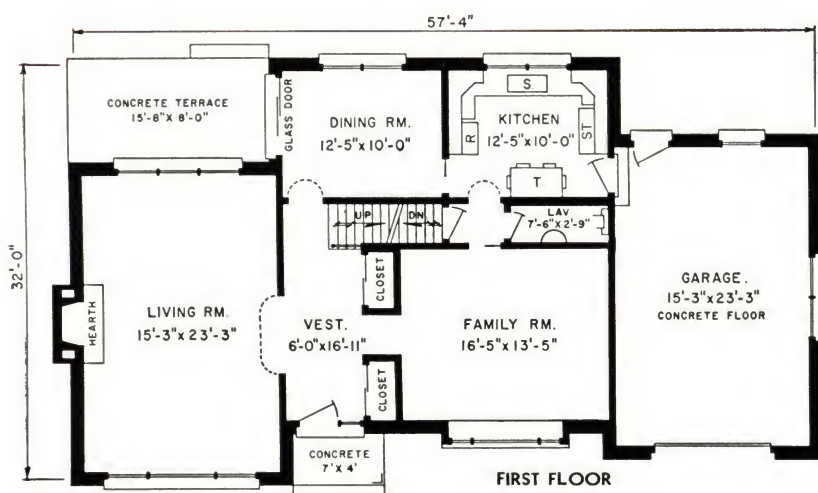

D. H. B., Altoona, Pennsylvania

## THE TRENTON

## Modern Two Story

**BUILD  
IT  
YOURSELF**

Typical Colonial with a touch of the Modern for accent. The vestibule with convenient closets gives direct access to the spacious living room on one side, the popular family room on the other side, and the dining room and kitchen as well as stair to second floor at the rear. Sliding glass patio doors in the dining room open onto a terrace. Similar

doors can be furnished in the living room instead of scenic window, if preferred. Completing the first floor is the lavatory adjacent to both the kitchen and family room. Among the more obvious advantages of this home are its 4 adequately sized bedrooms on second floor with lavatory for master bedroom and large bath with built-in vanity and twin lavatories. What more could be desired in convenience for a growing family? Write for specifications for this home of distinction.

## THE CORNELL Graceful Tri-Level

This gracious tri-level home presents the utmost in living comfort. Although the exterior walls of the front of the first and second levels are shown in brick veneer, we furnish siding for that portion at the list price. If you intend to use brick veneer as illustrated, write us for the allowance for omission of that portion of the siding, paint, and nails. The vestibule, with twin closets, leads directly to all rooms in the house, as does the rear entrance. No partition materials are included for the first level. Write for specifications.

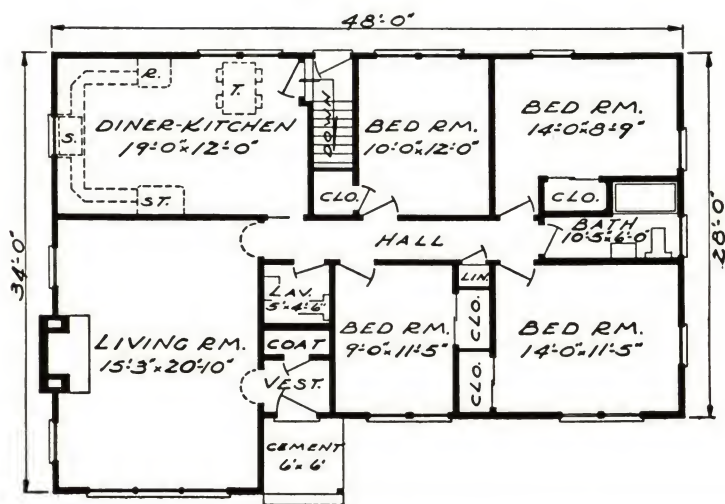

## THE AMBASSADOR

## Well Planned

PLAN No. 1

PLAN No. 4

The natural beauty of Redwood vertical boarding combined with your choice of paint color for the bevel siding provides a pleasing contrast for the exterior of this home. Excellent planning is the keynote—each plan has a central hall giving direct access to all rooms from the kitchen. Plan No. 1 is designed with three bedrooms while Plan No. 4 has four bedrooms. Write for specifications.

## THE VENTURA

## Western Inspiration

This Western ranch style home with its low hip roof, three good size bedrooms and large living area, is one of our most popular designs. Its exterior beauty and convenient layout meets the desires of any family. Write for specifications.

PLAN No. 1

PLAN No. 2

### ALTERNATE PLAN No. 1

Shown above is an alternate plan for the Number One arrangement. You will note there is a half bath—lavatory and toilet. This is available in Plan One and Plan Three only, at a slight additional cost, and is accomplished by reducing the width of the kitchen-dining room approximately four feet. Write us for prices.

**SEE PLAN NO. 3 WITH  
ATTACHED GARAGE PAGE 63**

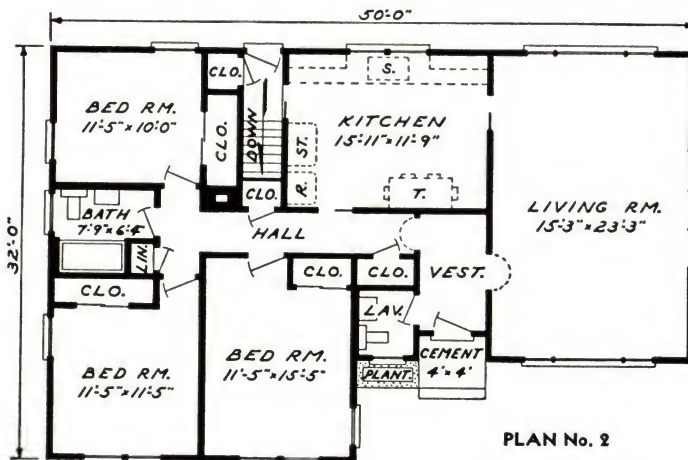

## THE PINECREST

## A Joy to Live In

A wealth of convenience has been engineered into this design. See how all rooms in Plan No. 2 are accessible from the vestibule and central hall. Write for specifications.

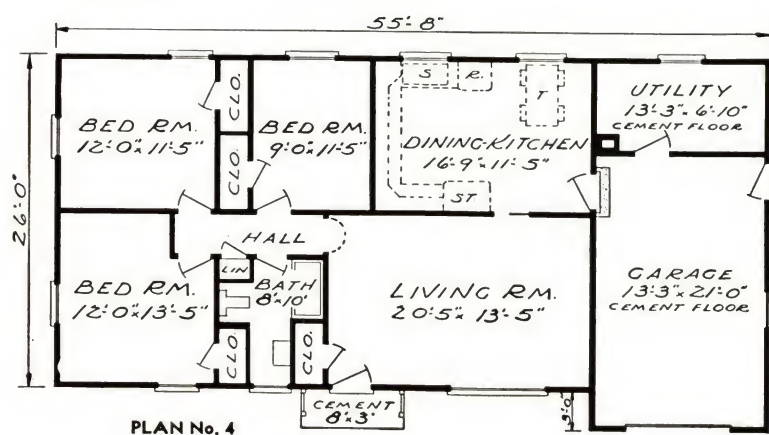

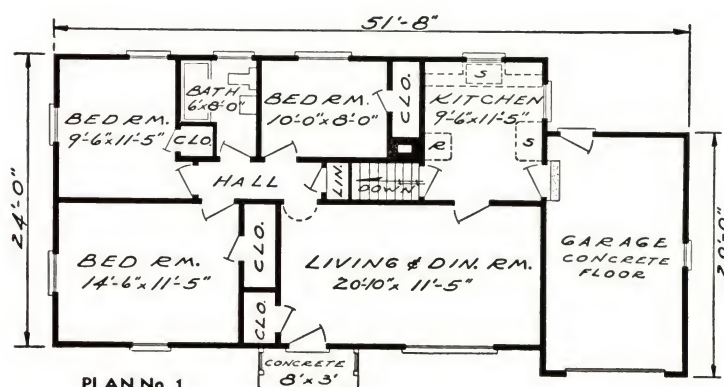

## THE CORONADO Handsomely Detailed

Lovely to look at—a joy to live in! Original in form and entrancing in detail is the Coronado with its contrasting exterior treatment. It offers a splendid opportunity for individual expression in color combinations. Note the hooded entrance with its beautiful wood lattice supports. Two convenient floor plans. Write for specifications.

### QUALITY

Your best assurance of dependable quality is Aladdin's outstanding reputation of providing higher quality materials than is used in the average home. Our FIFTY-SEVEN YEARS' experience in buying has taught us that there is no substitute for quality. This fact, coupled with Aladdin's guarantee of **SATISFACTION OR YOUR MONEY BACK** provides you with positive assurance of a home that will be **QUALITY** in every sense of the word.

### ALTERNATE PLAN 4

The above arrangement provides an inside stair to basement. You have access to the utility room from the kitchen.

## THE SANTA FE

## Styled With Dignity

This home is fascinating in its simplicity, and because of the rectangular design, it is also economical to build. While the large chimney adds charm, its construction is optional. Two floor plans are shown here—one with three bedrooms and one with two bedrooms. Write for specifications.

PLAN No. 1

PLAN No. 3

### ALTERNATE PLAN 1

The above arrangement provides access to lavatory from kitchen entrance and to the bath from the main hall.

### FIFTY-SEVEN YEARS

OF CONTINUOUS SUCCESS IN MANUFACTURING AND MARKETING ALADDIN HOUSES FOR AMERICAN HOME BUILDERS IS YOUR ASSURANCE THAT WHAT ALADDIN PROMISES, ALADDIN PERFORMS. \*\*\*ALADDIN GUARANTEES THE FULFILLMENT OF EVERY PROMISE MADE TO YOU.

## THE TACOMA

## Modern Two Story

Unique in its treatment of the exterior walls, in its combination of stone and antique cedar shingles, this plan achieves the utmost in convenience and brilliant styling. The slight overhang of the second floor arrangement gives your home a quality look of distinction. The spacious and well-planned

rooms lend themselves readily to gracious living. If you prefer, we can, upon request, place the garage doors at the front of the garage section instead of the rear. The porch at the left is an open porch but we can quote on furnishing screens if you wish to enclose it for the summer. Write for prices. The four spacious bedrooms on the second floor will permit you to enjoy greater quiet and privacy. Write us today for further specifications and details.

## THE HILLSDALE

## Luxurious Tri-Level

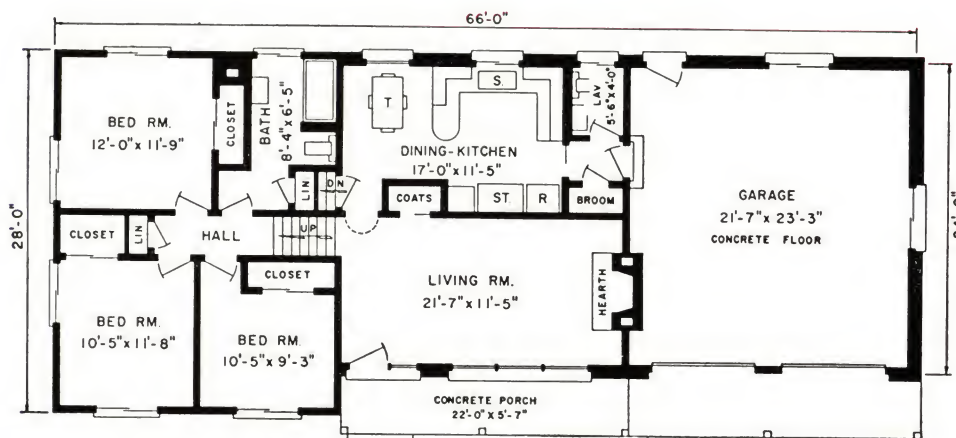

A lot of house for the money! A desirable feature of the tri-level—the living and sleeping areas are well separated for quiet and privacy. Plenty of storage is provided for in this model as it has large closets in each room on all levels. The kitchen is efficiently laid out with adequate dining area at one end and convenient lavatory at the other. The long concrete porch at the front adds an air of distinction to this inviting tri-level. Write for specifications.

FIRST LEVEL

### HIDDEN VALUE

There's much more to a home than you see on the surface. Its soundness, snugness, comfort, and upkeep depend upon the structural frame work—the important *hidden value* so often overlooked.

THIRD LEVEL

SECOND LEVEL

## THE WILSHIRE

## Neat, Trim Lines

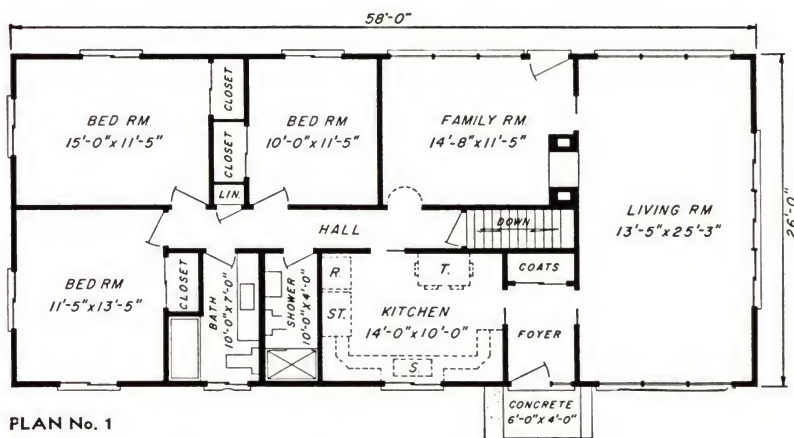

Convenience and practicality are packed into this design. Write us for prices if you wish to use siding instead of brick as shown. Kitchen and dining room can be combined by omitting the partition. Write us for further details and specifications.

# THE CLARKSDALE

Indoor-outdoor living reaches a peak of well-organized efficiency in this ranch plan. The rear door is placed to give direct access to your patio from the living room or family room. Large scenic windows in the family room and living room overlook the patio. The popular family room has become essential in today's mode of living. Its location at the rear affords privacy but is convenient to every part of the home. The kitchen with its front outlook is a refreshing change, and cabinet arrangement is planned for utmost convenience. Plans No. 3 and No. 4 offer the economy of smaller size without the family room. Write for specifications.

Clarksdale — Rear View — Outdoor Living at its Best

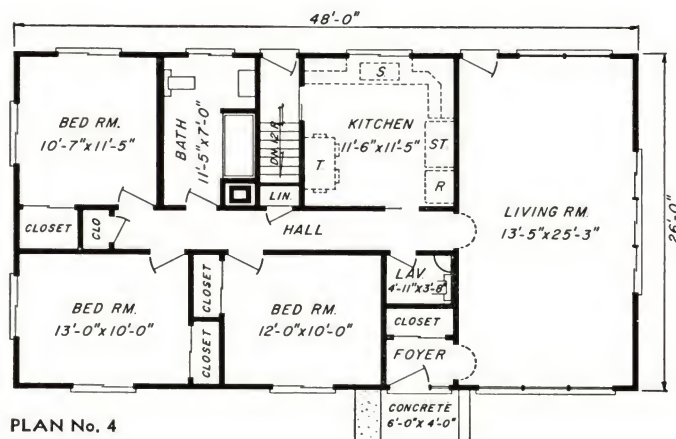

The Clarksdale — Many New Innovations

PLAN No. 3

PLAN No. 4

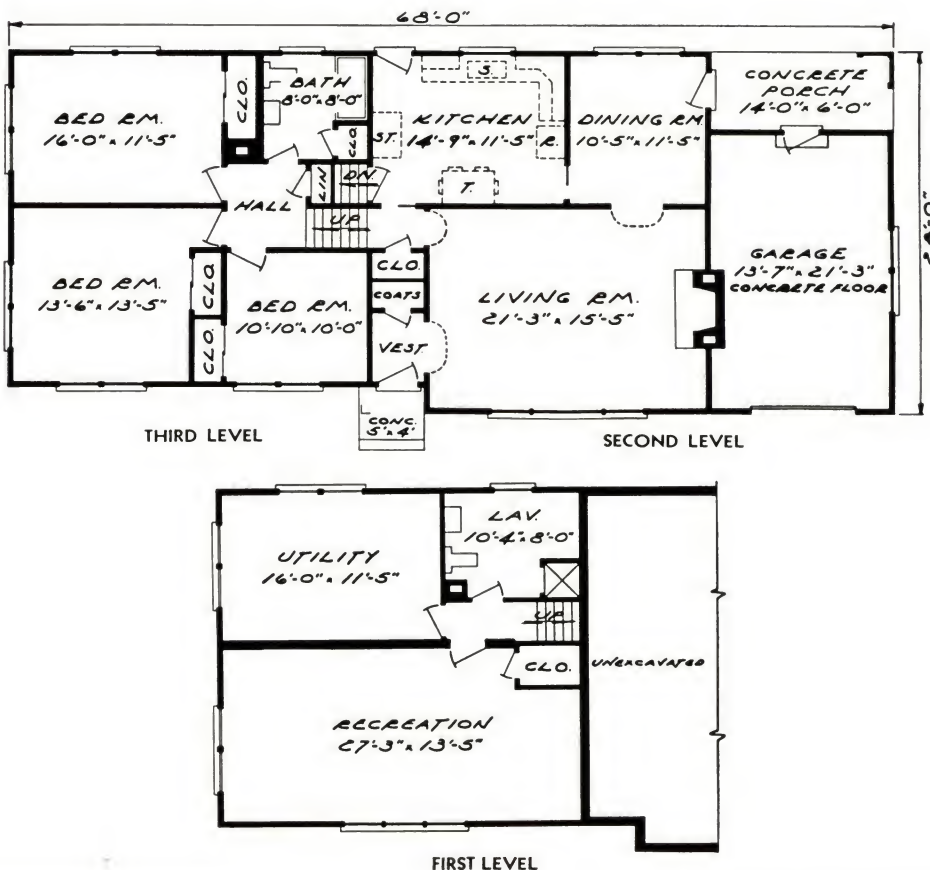

## THE TULANE

## Modern Tri-Level

The modern tri-level home shown here is adaptable for a level lot as well as for a sloping one. No materials are furnished for the interior of the first level, permitting you to incorporate your own needs and desires. The second, or ground level, contains a spacious living room, dining room and well-planned kitchen. Eight steps lead up to the three bedrooms and bath. Write for specifications.

## THE WINSLOW

New and Smart

The Winslow greets you with dramatic styling through the use of bevel siding and 8" vertical boarding—and when painted in your choice of colors, presents a home of unusual character. You can select either the three bedroom plan or four bedroom plan. See how the inner corridor in Plan No. 1 connects each room—and imagine, there are *seven* closets in Plan No. 1 and *nine* in Plan No. 2. Write for specifications.

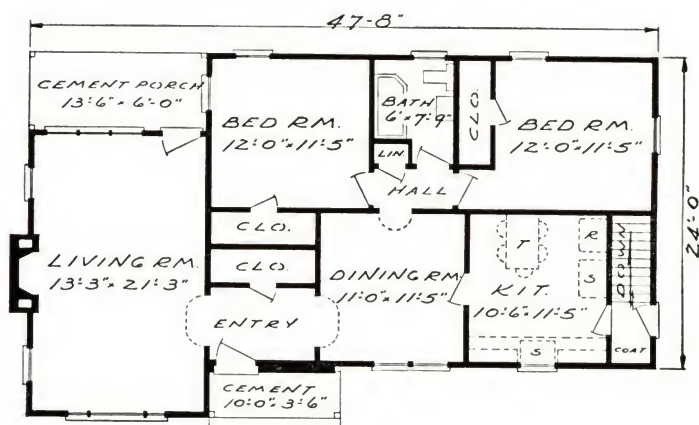

57 YEARS  
EXPERIENCE

## THE RIO GRANDE Masterpiece Ranch

This beautifully proportioned structure features the ever popular sweeping gables and shielded front entrance. Wide scenic windows face both the front and rear terrace and garden. Siding is included where stone is shown on front wall. Write for allowance if you plan to use stone. Specifications on request.

PLAN NO. 2

PLAN NO. 4

## THE BRENTWOOD One of Aladdin's Best

Illustrated in brick veneer (which we do not furnish), here is a home of impressive beauty. If you wish to use siding or shake shingles, we will gladly quote the additional cost. Four plans are shown providing your choice of a two-bedroom, three-bedroom, or four-bedroom home. Note the large kitchen-dining combination in three of the plans. Write for specifications.

PLAN No. 1

PLAN No. 2

PLAN No. 4

PLAN No. 5

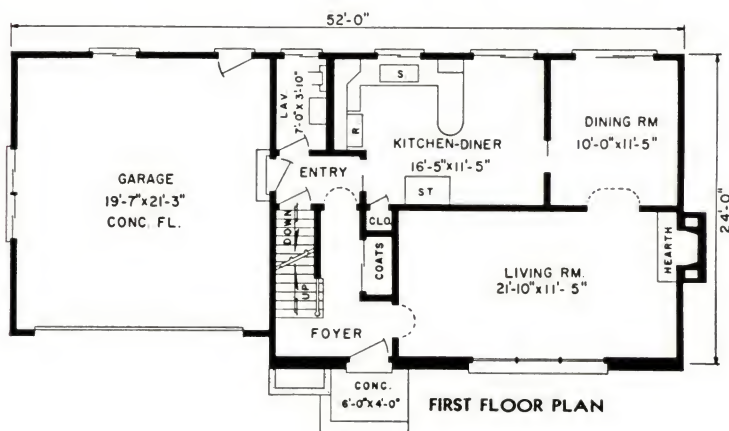

## THE LORAIN

## Smart Styling

This modern four-bedroom home, designed for compactness combined with efficiency, will delight any growing family. The front and side doors open into entryways giving free access to all rooms. The large living and dining rooms permit gracious living for the whole family while the glass sliding patio doors in the dining room allow easy out-of-door expansion. There is ample space in the dining-kitchen for informal family meals. Note the partially enclosed stair with newel post and baluster up five treads, and 30" wall with capping at head of stair. This partial wall and glide

window at stair landing allow free flow of light and air in the spacious hall leading to bedrooms. Glide windows provide maximum usable wall space in the bedrooms. Write for specifications.

### BUILT TWO ALADDINS

Dear Sirs:

It has been my pleasure to assist in the erection of two Aladdin Homes for my father, C. R. Robbins. In 1955 we put up your Coronado model and last spring, 1962, we put up a large ranch home, the Canyon #1, and a separate two car garage. I've had quite a bit of experience in the past building homes and found the material, plans for construction, etc., for your homes to be far better than any others I have worked with. Every piece fits perfectly and it was a pleasure to see the fast progress with a minimum of labor in your homes.

I am a high school mathematics instructor here in North Syracuse. My wife and I are planning in the not too distant future to erect our own Aladdin Home. Therefore, please send us your newest catalog.

Yours truly,

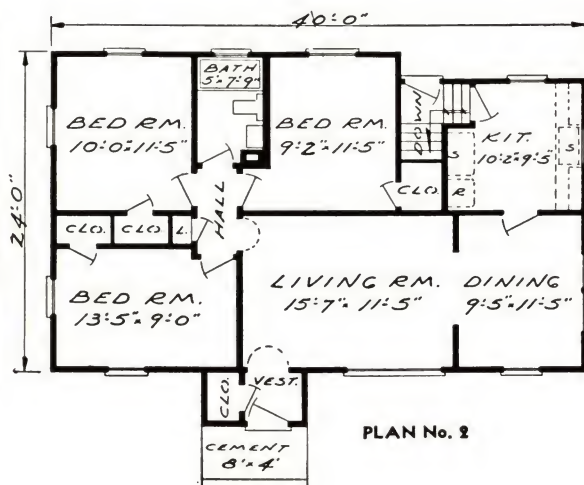

W.E.R.  
North Syracuse, New York

## THE VINEWOOD Spacious Small Home

Economical—Compact—Traditional! The Vinewood offers maximum living in a moderate overall size. You have a choice of the two bedroom Plan 1 with the sun room-dining combination, or the three bedroom Plan 2 with adequate dining room. Both plans boast a convenient vestibule with coat closet and large scenic window in the living room. The picture shows the popular shake shingles on the vestibule and siding on the main body of house. You may have all shakes or all siding if you prefer. This is an attractive, practical plan when building with a limited budget. Write for specifications.

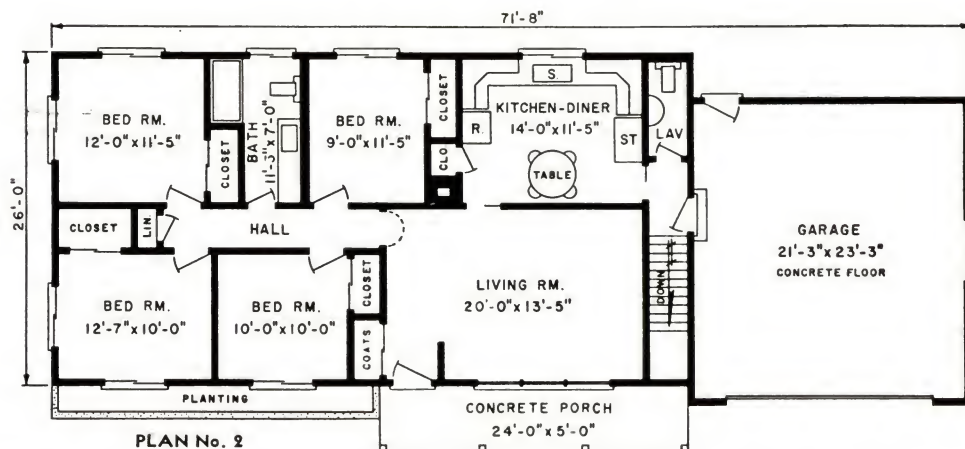

## THE CLINTON

## Spacious — Practical

Designed for spacious and comfortable living. The covered porch is not only a mark of beauty but protects the front entrance from the weather. In the three bedroom Plan 1, note the dining area with floor-to-ceiling window and living room in the rear overlooking the garden. Write for specifications.

## THE FAIRLANE

## A Two Story Beauty

Here is a traditional two-story home with a modern touch—a perfect home for the family who needs five bedrooms. The wide foyer and connecting hall give access to every room in the house from the front entrance. Note the large coat closet and lavatory conveniently located to all rooms. The dining area boasts a glass sliding patio door—a “must” in this age of outdoor living. The

master bedroom with private bath has separate “Mr. and Mrs.” closets, each equipped with folding doors. An unusual but much coveted feature is the large general-purpose closet at the end of the hall. The utility or storage back of the garage provides a convenient first-floor laundry—a step-saver for the busy homemaker. Write for specifications.

## THE KIMBERLY

Modest and Compact

1034 sq. ft. of living area plus a full size attached garage—more square feet of living space even on a smaller lot with this house which goes “up” instead of “out.” Note the convenient side entry leading to first floor lavatory, basement and garage. A unique second floor feature are the hall shelves which can be decorative as well as useful. Write for specifications.

## BUILD IT YOURSELF—SAVE TIME—MONEY

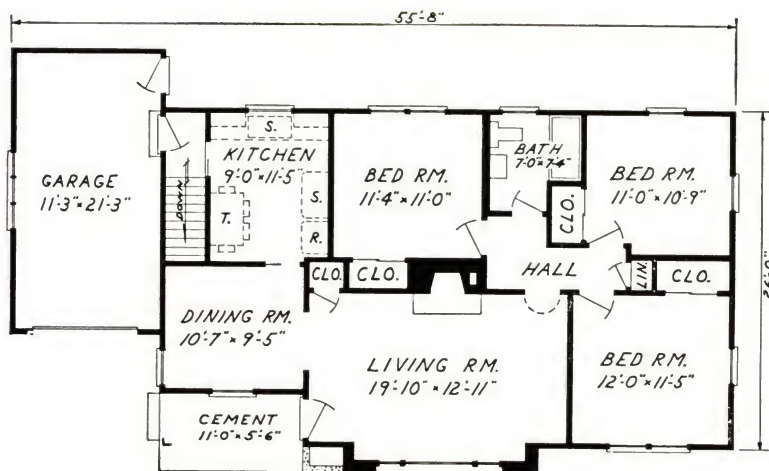

Tremendous public interest in the “Do-It-Yourself” movement is a complete endorsement of Aladdin’s “Build Your Own Home” plan—which was first offered to the public over 57 years ago. You can BUILD IT YOURSELF the ALADDIN READI-CUT WAY and SAVE from 30% up, in LABOR COST. But, “Can I do it myself?” you ask. Read the letters on page 66 of this book which are only a few from the hundreds received from Aladdin customers who have built their own homes at savings of hundreds and thousands of dollars. Write us for a list of Aladdin Home-owners and visit an Aladdin Home near you. See pages 6 and 7.

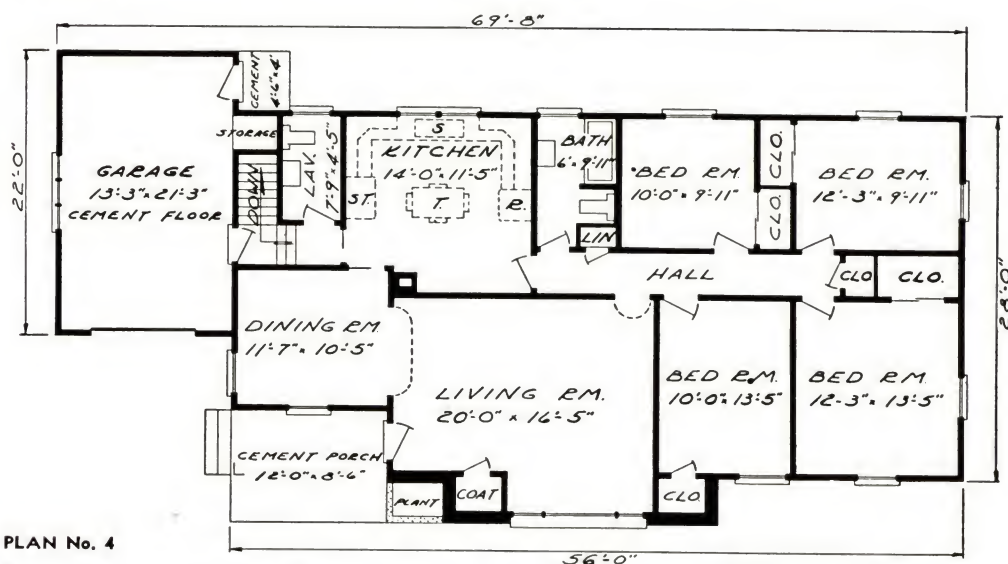

## THE PLAZA

Beautiful Flowing Lines

PLAN No. 2

One of our most popular models. Notice the covered entrance and front projection enhanced by the large scenic window and use of stone. Shakes are furnished where stone is shown on front. A three bedroom and four bedroom plan are available. Write for specifications.

PLAN No. 4

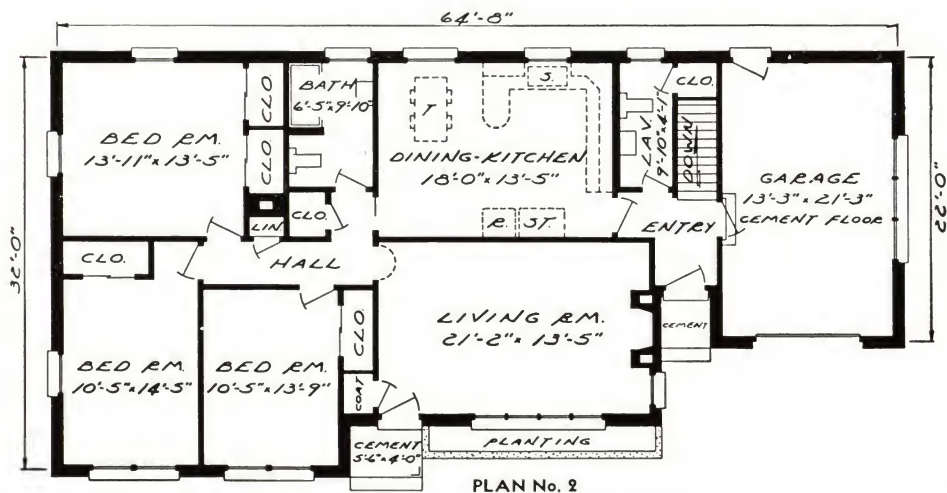

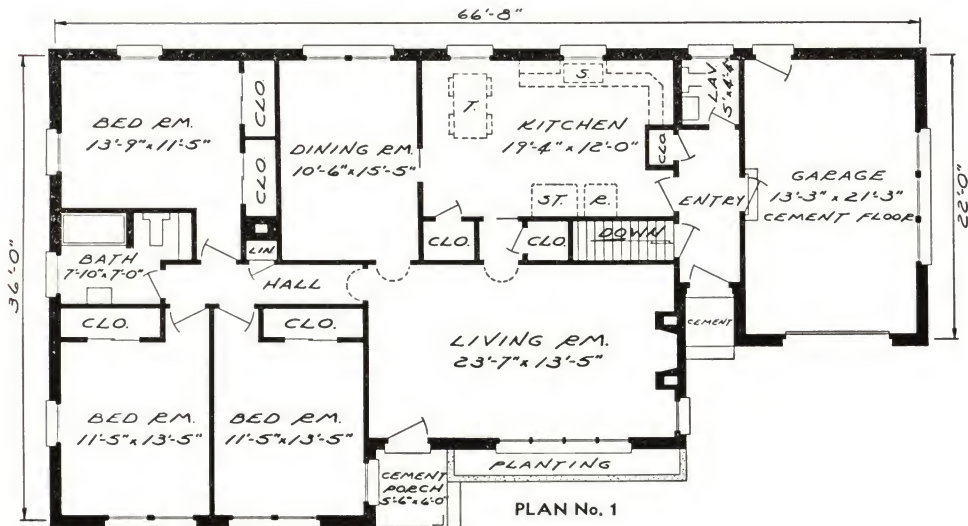

## THE CATALINA

## A Wealth of Living

This skillfully planned home is illustrated in brick veneer (which we do not furnish) but it is equally as attractive finished with siding or shake shingles. Write for prices and specifications.

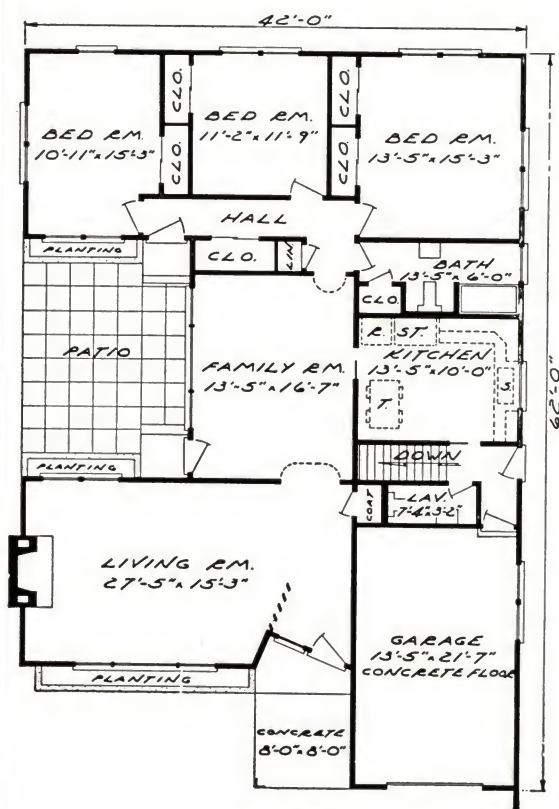

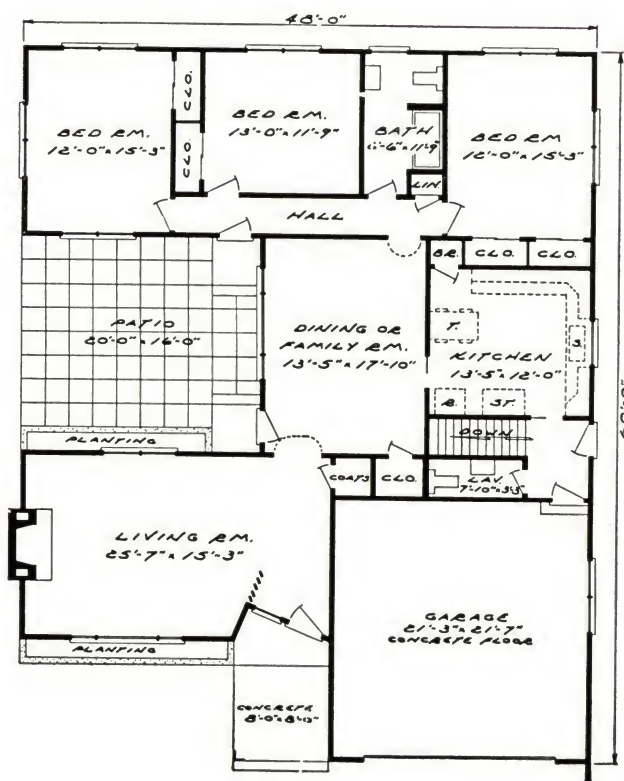

## THE TOPEKA Popular Family Room

Our designers have incorporated a wealth of desirable features into this home. The recessed-for-privacy patio is accessible from either the family room or rear hall. The large scenic window in the family room overlooks the patio. Both plans have full bath plus a conveniently located lavatory. Plan No. 1 has a single garage, while Plan No. 2 has a double garage. Write for specifications. See Page 63.

PLAN No. 1

PLAN No. 2

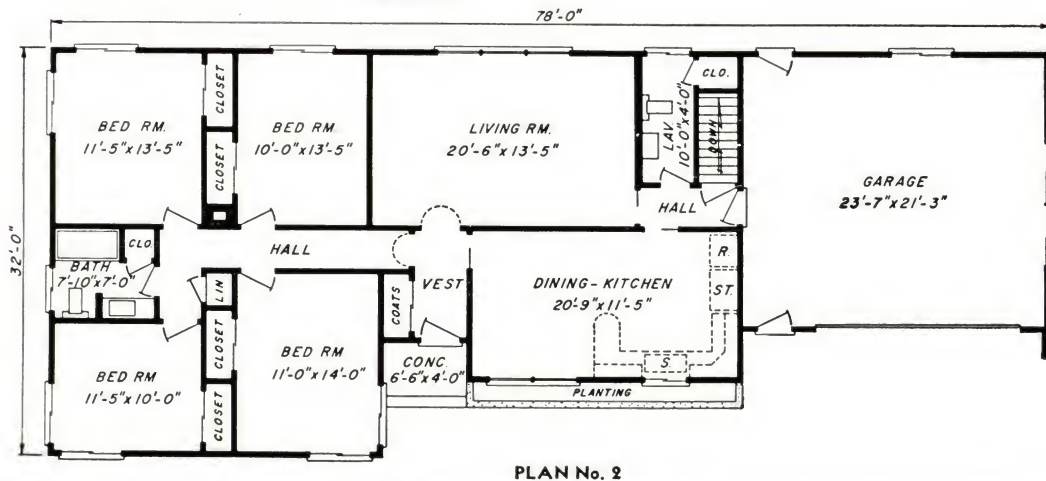

## THE GRENADA

## New and Modern

Following the graceful lines of the western ranch home, the front entry opens into either the living or sleeping quarters. The lavatory, close to rear entrance provides last-word convenience. Floor-to-ceiling windows in the living and family rooms add a modern sunlit feature. Plan No. 1 can be furnished with 2-car garage. Write for prices. Specifications on request.

## THE BRISTOL

## Modern American

The Bristol is an ever popular design from the standpoints of beauty, convenience, and economy. Stair to expansible attic and sub-floor for attic furnished in Plans C and D. Write for prices to finish attic. Specifications on request.

Suggested Attic Rooms for Plan "D"

## THE SYLVAN

For a Small Family

This home is modest in size, perfect for a small family, and you receive the same high quality materials as furnished with our largest homes. You have your choice of two or three bedroom floor plans, and while Plans No. 1 and No. 3 show a basement stair, Plan No. 2 has a utility room so you can build without a basement. Write for specifications.

# ALADDIN VALUES

## 1. EFFICIENT PLANNING

Our Engineering Department is continually investigating new techniques to save time, to save you money, to simplify erection procedure and to lower costs.

## 2. CONSTRUCTION DRAWINGS

Our detailed drawings are easy to read and contain all necessary information for simple, quick erection.

## 3. PRECISION PRE-CUTTING

Our modern precision machinery produces a better product and at a lower cost.

## 4. PERFECT FITTING MATERIAL

1. Rafters
  2. Heel Cut
  3. Ceiling Joist
  4. Rafter
  5. Bridging
- Wall Plates, Headers, Floor Joist, Studding

Only through the use of our pre-cut, perfect-fitting material, can reduced time and ease of construction be obtained.

## 5. QUALITY LUMBER

We furnish only thoroughly dry and seasoned material for long-lasting, trouble-free construction.

## 6. QUALITY WINDOWS

Our windows are weather stripped, modern styled, precision manufactured, and contain only treated materials.

# ALADDIN VALUES

## 7. QUALITY DOORS

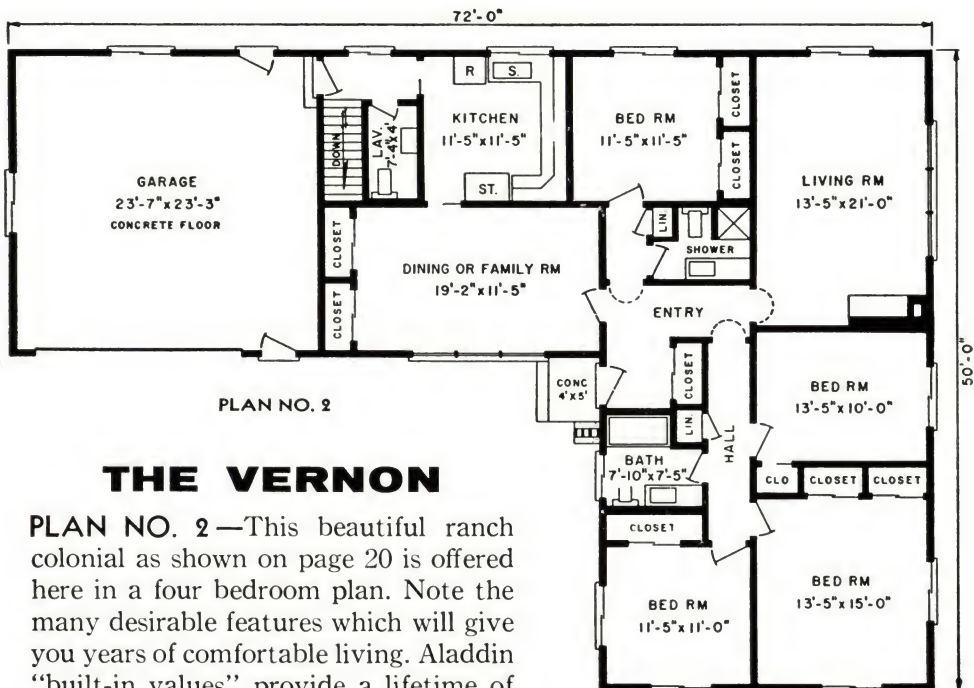

All exterior and interior doors are made from the best available material and are factory guaranteed.

## 8. And QUALITY HARDWARE

All hardware is industry approved.

# ALL FOUND IN ALADDIN QUALITY HOMES

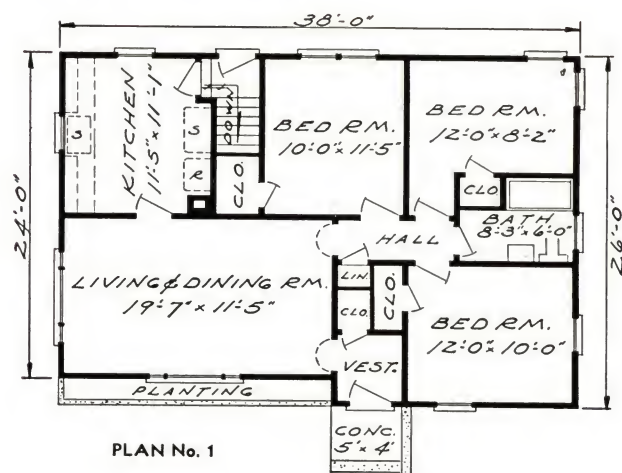

**PLAN NO. 2**—This beautiful ranch colonial as shown on page 20 is offered here in a four bedroom plan. Note the many desirable features which will give you years of comfortable living. Aladdin "built-in values" provide a lifetime of satisfaction.

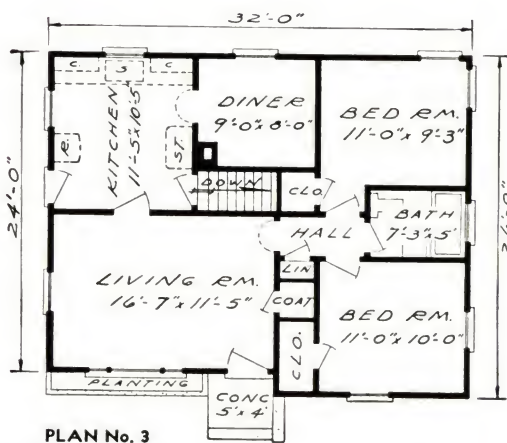

## THE ALAMO

## Modified Ranch

This modern, hip roof design is available in three floor plans, any one of which will result in the appearance as shown in above picture. Note the large scenic window with side lights which harmonize with the horizontal lights in all other windows. The brick work in front is a separate planter and may be omitted without detracting from the appearance of this charming home. The outside walls are illustrated with Shake Shingles. You may have 8" siding if you prefer. Write for specifications.

## THE PALOMAR

## Trim Beauty

Artistic in its simple details, the Palomar is available in four floor plans, each of which provides maximum livability. Shake shingles are furnished where brick is shown. Write for specifications.

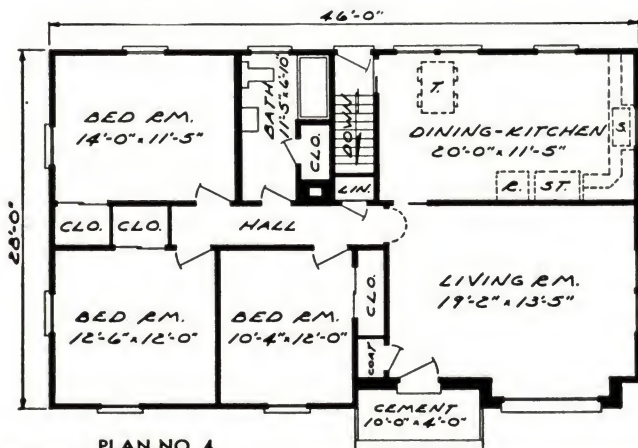

PLAN No. 1

PLAN No. 3

PLAN No. 2

PLAN NO. 4

## THE DEXTER

Designed for Economy

DEXTER PLAN No. 1

DEXTER PLAN No. 2

Here is a contemporary design for the young homemaker. The straight, rectangular shape is designed for economy; the popular low pitched roof and wide eaves add a touch of modern styling. This house is available in two sizes, one a two bedroom and the other a three bedroom, to meet your individual needs and budget. The kitchen in each plan is designed for convenience and efficiency with ample dining space for a young family. Glide windows are furnished to permit maximum versatility in your room arrangement. The decorative planter at the front is built of masonry, to be furnished by owner. It can be omitted or added later, if desired. Write for specifications.

**BUILD YOUR  
OWN HOME**

Dear Mr. Sovereign:

Words alone cannot express how proud we are of our new Aladdin home. All materials were of high quality and certainly a great savings for us than if we had bought them locally.

Our relatives and friends and people who know, like our carpenter and electrician, have told us what high quality material we were using and how beautiful our home is.

We are grateful that our friends told us about your Aladdin homes and are most grateful to you for such a beautiful home that is of high quality and yet within our means. Thank you for your continuing interest in our home.

Mrs. G. P., Pleasantville, New York

## THE GRAYSTONE

Aladdin designers have created this charming home to be equally attractive whether constructed the narrow or long way facing the street.

Note the effective contrast achieved by use of vertical boarding on front of living room wing. A most desirable convenience is the vestibule connecting with central hall, providing access to every room in the house. Write for specifications.

## THE JASMINE

A modest home with exterior beauty and balance, and an interior arranged for comfort, convenience, and efficiency—a home you can be proud of. Write for specifications.

## THE REDWOOD

## THE REDWOOD

Two floor plans, all within the budget of young homemakers. The combination of siding and vertical boarding emphasizes the New England trend. Also, you may have all horizontal siding if you prefer. Write for specifications.

## THE CORONET

This home is a "natural" for a narrow lot. You have your choice of a two-bedroom or three-bedroom plan. The central hall in Plan No. 1 provides access to all rooms. Plan No. 3 offers the popular kitchen-dining room. Write for specifications.

**BUILD YOUR  
OWN HOME**

## THE GLEN COVE

Eight inch vertical boarding combined with bevel siding and wide shakes in your choice of color present a most attractive appearance.

PLAN No. 2

Entrance ideally planned for use on a corner lot, or facing the narrow end to the street, the Glen Cove is equally adaptable for a narrow lot. You will enjoy a "lot of living" in this home. Write for specifications.

## THE WILMINGTON

This beautifully simple home is priced with stairway, subfloor, and windows for the second floor. Write us for specifications and prices for finishing the second floor.

SUGGESTED SECOND FLOOR PLAN

PLAN No. 1

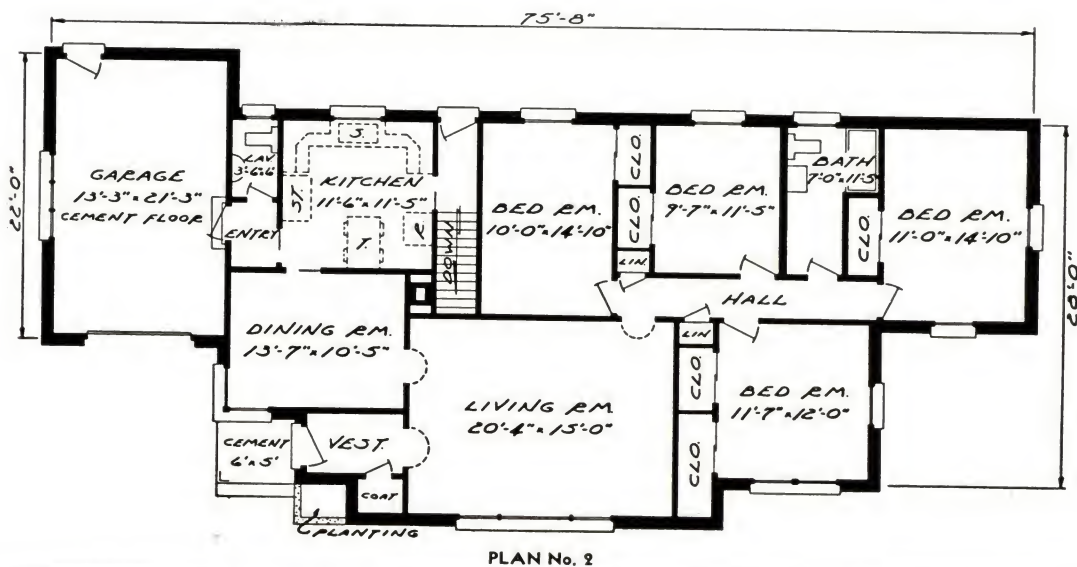

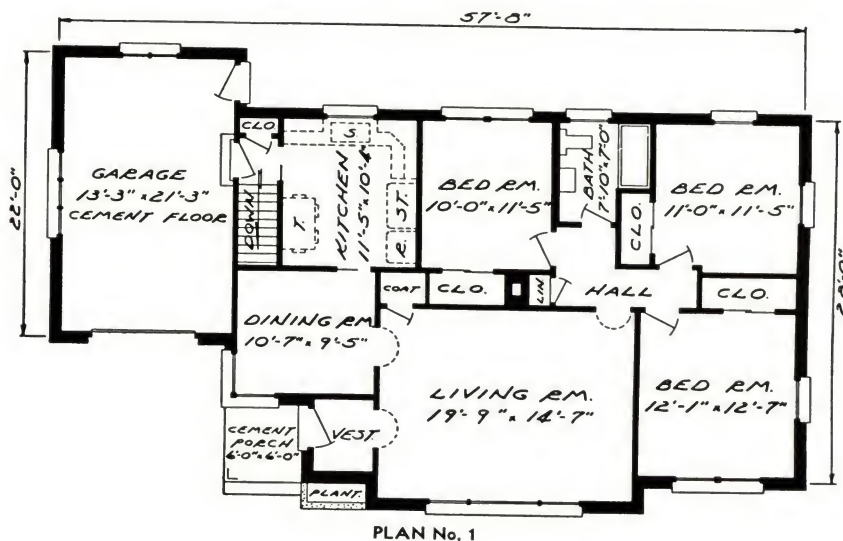

## THE SARATOGA

## Simple Elegance

Illustration shows sill high brick veneer combined with wide shakes for contrast. Price includes shakes where brick is shown. If you wish to use brick, write for allowance for omission of shakes. Specifications on request.

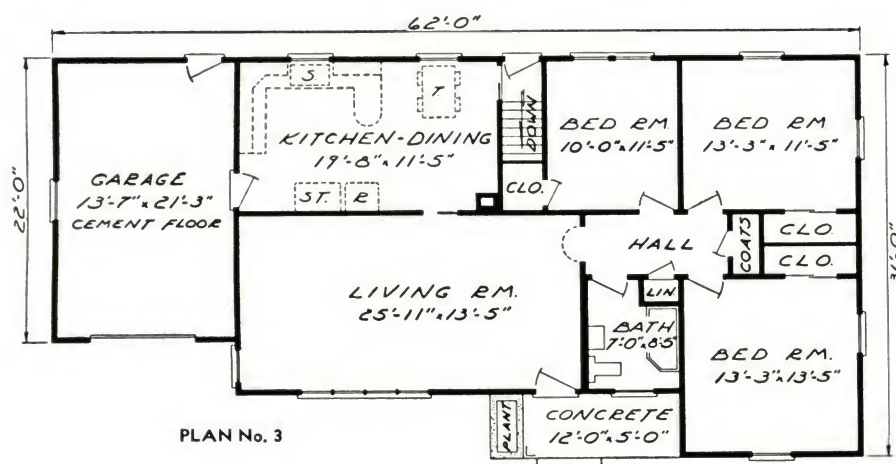

## THE VENTURA

At the left is an illustration and floor plan of our popular Ventura home with attached garage. Price is given on enclosed price list. A 2-car garage is also available. Write for prices and specifications. Additional plans of the Ventura are shown on page 28.

### THE VENTURA—With Garage Attached

## THE TOPEKA

Here is another view of our Topeka, featured on page 50, showing a better view of the patio.

## THE PASADENA Compact and Livable

A home that can be placed either way on your lot. Frontage required can be as narrow as forty feet, or when placed the long way on your site, can still occupy a fifty foot lot. In the Plan 1, note especially the entry which gives access to every room in the house. A convenient coat closet near front door is provided in both floor plans. The large, floor-to-ceiling scenic window can be interchanged with the mullion window in the living room, if you prefer. Here is a compact home designed for the small family but incorporating all of the living qualities of the large family ranch style. Write for specifications.

Note the modern use of the color arrangement in this homey living room. The balance and complement of each color harmonizes with the entire decorating scheme. The backgrounds of the flowered prints are carried forth in the occasional chair and in the carpet. Your own selection of color scheme will beautify any Aladdin home of your choice.

Rooms  
You  
Enjoy...

and  
Friends  
Admire

There is more than just beauty in the smart kitchen. There is engineered comfort and convenience. With your kitchen so well planned and designed as suggested in our catalog layouts, you can be assured of comfort and convenience. All that is left to you is the addition of your color scheme for the completion of a rich and decorative room of rooms. The rich vibrant tones of the wooden cabinets will complement any color scheme. Many of our plans have cozy dinettes as shown at the right.

# **ALADDIN..for Quality** **ALADDIN..for Savings** **ALADDIN..for Beauty**

## **Here's What Just A Few Of Our Friends Say**

### **BUILT IT HIMSELF**

Dear Sir:

I recently bought the Brentwood Plan Number One from you. It was a pleasure and a great experience constructing this home. I have had lots of visitors and everyone comments on what good quality materials we received. So many homes in this area are being constructed of green unseasoned lumber. A sufficient amount of material was furnished, and we are so well pleased with it.

I finished the framework this last week. As soon as it is completed I will send you a snapshot. We are so proud of our new home and are so anxious to move in. Thank you, W. L. McC. Covington, Virginia

### **QUALITY THROUGHOUT**

Gentlemen:

We are progressing more and more on the building. One can see why your buildings will stand up under any circumstance. My contractor is one who believes in quality. He has nothing but praise for your company. After what we see being built here, we can really appreciate our home, with quality throughout. I am very pleased with it and will recommend your company to everyone. P.M.L., Helena, Montana

### **READI-CUT WAY THE BEST**

Dear Sirs:

So far the house is coming along very well and we are very pleased with the quality of the materials we received from The Aladdin Company and with the rapid progress of the construction. I am convinced the "readi-cut" way of building a house is the best way for a layman like myself to build a house—for that matter, even a carpenter. G.A.K., Carlstadt, New Jersey

### **PLANS SIMPLE TO READ**

Dear Mr. Sovereign:

We are very happy with the results and with the ease of building our El Rancho No. 1 home. In doing it ourselves, we made a few mistakes, not serious, but doing is learning, and someday we hope to build another Aladdin home. We have compared Aladdin homes with other building concerns and have found none to compare with Aladdin lumber and prices. The only help we had in erecting the frame of the house was a non-professional friend who had helped erect other Aladdin homes. The plans are very simple to read and next time we expect to be able to do it ourselves. M.J., Jr., Oconomowoc, Wisconsin

### **CARPENTER'S PRAISE**

Dear Sir:

The carpenter that worked on it said it was the best material and easiest to build of any house he has built in 40 years. We are equally pleased and have received many compliments on our Aladdin house. Sincerely, R.B., Nekoosa, Wisconsin.

### **VISITED BAY CITY**

Gentlemen:

I have nothing but praise for the house. The material was excellent and your service exemplary.

I cannot emphasize too strongly my high regard for the services and relationships I have had from and with The Aladdin Company, from the day I visited Bay City and was met by Mr. MacLeod, to the delivery of the house. Very truly yours, R.H.D., Berwyn, Illinois

### **COMPLETE SATISFACTION**

Gentlemen:

Approximately ten years ago, we purchased a home from you. We are considering building another home in the near future and I am writing to request a copy of your current book of homes available.

We have had many compliments with our present home, and have been completely satisfied in every respect with your materials and good will shown us as well as the low original cost of the house. Thank you for your cooperation. Very truly yours, E.R.H., Red Hook, New York

### **BUILT IN 15 DAYS**

Dear Mr. Sovereign:

We received our home on Monday, August 20, at Lake Luzerne, New York, in A-1 shape. Thanks to your loading crews, every item was in perfect shape. We had it unloaded Tuesday noon. Wednesday, we started the house. September the 9th, we came back to Bethel, Connecticut, very happy, only a few more shingles to be put on the roof. Mr. E. will put on these shingles. This work was done by four men in 15 days. We have one coat of paint on the house.

The lumber was the best I have ever used. The doors and windows are perfect. Our neighbors are very happy to see this fine home, as we are, and thanks to The Aladdin Company. We will recommend the Aladdin home to everyone. We thank you. J. and R.K., Bethel, Connecticut

**Complete Names and Addresses on Request. Send for List of Aladdin Homes Near You**

# Here are facts you should know about the World's Oldest and Largest Manufacturer of Read-Cut Homes **57** Years Experience

## Quality

The Aladdin Name has become a Mark of Quality. All exposed lumber, both inside and out, in every Aladdin House is clear and free from knots and other defects—and is kiln dried. Framing and sheathing lumber is free from any defects that might impair its strength—and is kiln dried. This material will not warp.

When the finest grades of materials are used, you are assured of the highest kind of an investment in your home. We never, in any case, sacrifice quality for price or profit. Aladdin Certified Lumber is guaranteed to be unsurpassed. "NOT HOW CHEAP, BUT HOW GOOD"

What induces us to supply such matchless quality? Our FIFTY-SEVEN YEARS' experience has taught us there is no substitute for quality. Aladdin's outstanding reputation of providing higher quality materials than used in the average home, coupled with Aladdin's Guarantee of "Satisfaction or Your Money Back," provides you with positive assurance of a home that will be QUALITY in every sense of the Word. QUALITY ENDURES THRU THE YEARS—AND—QUALITY IS REMEMBERED long after PRICE IS FORGOTTEN.

## Buy Direct—No Dealers

You save money when you buy direct from the manufacturer. Aladdin has never, in Fifty-Seven Years, employed agents or dealers and there are no agents' or dealers' profits or commissions in the price you pay us. Aladdin Homes can only be bought direct from the Company at Bay City, Michigan.

## Not Prefabricated

Aladdin Houses are Read-cut—NOT Prefabricated. The construction is the same as that used in the best architect-designed, contractor-built house except that we cut all materials in our mill which SAVES TIME, SAVES WASTE, SAVES MONEY. GOOD HOUSES NEVER GROW OLD.

## HELPFUL INFORMATION—READ CAREFULLY

**FOUNDATION PLANS**—are available on receipt of a deposit of \$5.00. Tell us if you will build your home regular or reversed, with siding or brick veneer. Do NOT construct your foundation according to the dimensions shown in catalog floor plan.

**PLANS CAN BE REVERSED**—without cost. This would place all rooms on the opposite side from that shown in the catalog floor plan.

**UTILITY ROOMS**—can be incorporated in many of our homes. Basement stairs can be omitted and combined with other areas to form a utility room. Write for definite details on the changes necessary to provide this feature with the house you choose.

## Aladdin's "Know-How"

When you send your order for an Aladdin House, the one purchase eliminates the complicated problem of your trying to figure out the necessary amounts of well over one hundred items that you will need to build your home. When building the Aladdin Way, there is only one purchase and it brings you all the materials in the proper amounts, guaranteed to complete your house according to our specifications. NO WASTE, NO OVER-BUYING OF SOME MATERIALS AND UNDER-BUYING OF OTHERS. OUR "KNOW-HOW" WILL SAVE YOU MONEY—TIME—AND WORRY.

You receive a scientifically-designed home, a scientifically-manufactured home and our guarantee to fulfill every promise made to you.

You receive the safeguards of our experience. You are guarded against costly extras. You have our help in keeping costs down. You save many days' time. You save costly waste. You receive everything complete for your home in one shipment. You know exactly what your house will look like when completed. You save all architectural fees. You are assured of prompt shipment and quick erection. You receive a bona-fide guarantee: "COMPLETE SATISFACTION OR YOUR MONEY BACK."

## Quantity Buying

Because of the tremendous amount of building materials we purchase each year, we are in a position to buy at the lowest possible prices. The large quantity purchased makes it possible for us to obtain prices far lower than any company or individual who has a demand for only a few homes each year.

## Aladdin's Guarantee

We started in business FIFTY-SEVEN YEARS ago with the idea of providing homes at a low cost to you, manufactured in our own mills from the finest materials obtainable. We have never deviated from this policy. The reputation we have built up for outstanding quality is our most precious asset. We intend, at all times, to maintain that reputation—to observe strictly the high standards home builders expect from us. What Aladdin promises, Aladdin performs. That is why we give the purchaser of an Aladdin Home the most completely protective guarantee we know of. No one can offer you greater protection than we do when we say: "Satisfaction or Your Money Back."

**ROOM SIZES**—The sizes shown on our catalog floor plans are net dimensions between finished, plastered walls.

**BRICK VENEER**—Any Aladdin Home shown in the catalog with siding or shingles on the exterior can be built having a brick veneer exterior, which we do not furnish. Write us for the allowance for the omission of siding, paint, and nails if you wish to veneer the exterior with brick. The following houses are shown with a Brick Veneer exterior: Embassy, Kingsbury, Austin, Wilshire, Brentwood, Catalina, Trenton, Hillsdale, Medford, Fairlane. If you wish to use siding, write us for prices.

**CONCRETE SLAB**—Any Aladdin Home except a Tri Level can be built on a concrete slab. We omit the materials not needed and give you full credit for them. Write us for further information.

SCENIC WINDOW STYLE 3A

SCENIC WINDOW STYLE 11

SLIDING GLASS PATIO DOORS

## OPTIONAL MATERIALS AND EQUIPMENT

Scenic windows illustrated at the left are practical and attractive. They bring the outdoors in as a part of your home. Style No. 3-A has three large stationary upper sash and three gear-operated lower sash. Overall size of the No. 3-A window is approximately 10'6" x 6'6". Style No. 11 window has a stationary center sash with sliding sash on each side. The overall size of the No. 11 window is approximately 9'5" x 5'0". The style window shown in illustrations or plans will be furnished with that home. Substitutions can be made. Write for prices.

**PLUMBING FIXTURES** are available at tremendous savings. Write us for complete information and prices.

**ALUMINUM SIDING** Durable, enameled aluminum siding, plus insulating fiberboard backing, is available instead of wood siding. Write us for information and prices.

**OAK FLOORING** "Select" oak flooring can be furnished in any or all rooms of any Aladdin home. Write us for prices and state in what rooms you wish to use oak flooring.

**KITCHEN CABINETS** are available in accordance with the catalog floor plan layouts. Our cabinets are precision manufactured of selected hardwoods by one of the country's finest kitchen cabinet manufacturers.

They have a beautiful, long-lasting finish which is easy to clean. The cabinet units are completely assembled, ready to install. The modern doors with hardware are already hung and friction catches applied.

Cabinets for built-in oven and range are available. Also, oven and range units. Shipment is made in sturdy cartons direct to you from the factory. See page 65. Write for prices.

**INSULATION** Rock wool insulation 2" thick can be furnished for the sidewalls, and also 3" or 5" thick for use between the ceiling joists at small additional cost. This insulation comes made up in batts and is moisture and fire resistant, and has a heavy vapor barrier paper backing. Write for folder and prices.

**BASEMENT WINDOWS** We can furnish a complete basement window unit already assembled, with hardware in place, including glazed sash and the window screen, for either a 2 block high opening or a 3 block high opening. It is not necessary that the windows be shipped before the house as they can easily be set in the foundation wall when your materials arrive. Write for prices.

**FOLDING CLOSET DOORS** Birch Flush can be furnished for 4'0" opening only. The unit is carton packed with hardware applied and consists of four 1'0" doors ready to hang. Write for prices.

**PATIO DOORS** Aluminum sliding glass patio doors are furnished complete with  $\frac{5}{8}$ " insulating glass and all hardware. Doors are double weatherstripped and interlock when closed. Nylon bearings make sliding operation effortless. Units come in widths from 6' to 16'. State width desired and where door is to be placed in home.

**FOLDING STAIRWAY** Where no attic stairway is shown in the floor plan, in most cases it is possible to install a folding stairway to the attic, usually in the ceiling of the hall. Write for prices. Tell us where you plan to install the stair.

No. 10

No. 17

No. 21

Interior Flush

**DOORS** A Style No. 10 door is provided at the rear of each Aladdin Home. The front entrance door — style as illustrated in catalog picture. If you prefer a different front entrance door than shown, write us. Our beautiful First-Quality Birch flush door, shown above, is furnished for all interior openings where doors are shown in the floor plan.

## SO EASY TO BUILD YOUR OWN HOME

Our easy-to-read building plans show the size, length, and position of every piece of material in the construction of your home. The framing is mitered and beveled, and all pieces marked and cut to exact size. See page 70. All you have to do is nail the materials in place. We also provide a BOOK OF INSTRUCTIONS showing how to sort your materials after they are unloaded and explaining every step of the erection. The drawings and Book of Instructions are mailed to you as soon as your order has been

processed so that you will have them to study and become familiar with all details before your materials arrive.

The ALADDIN SYSTEM GIVES YOU CONTROL OVER YOUR COSTS. You KNOW you will receive high grade lumber, millwork, hardware—ALADDIN CERTIFIED MATERIALS. You KNOW there will be no shortage of materials—nothing forgotten. You KNOW in advance what your house will look like and you KNOW what your materials will cost.

## BUILD IT YOURSELF—SAVE TIME—MONEY

Tremendous public interest in the "Do-It-Yourself" movement is complete endorsement of Aladdin's "Build-It-Yourself Home Plan" which was first offered to the public over 57 years ago. You can BUILD IT YOURSELF the ALADDIN READI-CUT WAY and SAVE

from 30% up, in LABOR COST. Read the letters on page 66 which are only a few of the hundreds we receive yearly from Aladdin customers who have built their own homes at savings of thousands of dollars. Write for a list of Aladdin Homeowners near you.

## PAY YOURSELF THOSE HIGH WAGES

Every hour you can put in on the construction of your Aladdin Home means a saving to you of from \$2.00 to \$4.00 per hour. That means a SAVING of from \$16.00 to \$32.00 for every day you work on it! Depending on the size of the house, carpenter labor ranges from 300 hours to

1200 hours. With our complete BUILDING PLANS and MOST of the SKILLED LABOR ALREADY PERFORMED, you have an opportunity to SAVE ANY PART, or EVEN ALL LABOR COSTS.

## ALADDIN READI-CUT GARAGES

If you desire a single or double garage to match the home you select, write us for prices. Garages are not sold separately. Garages can be attached to most of our homes. Write us.

# EFFICIENT PLANNING SAVES YOU MONEY

## SHOWING SAVINGS IN LABOR BY THE READI-CUT SYSTEM

The picture at the left shows how the lumber in your Aladdin house will be cut to fit in our mill, ready to nail in place when you receive it.

Fig. 1—Jack rafters with mitre and bevel at upper end.

Fig. 2—"Heel" cut on rafters.

Fig. 3—Mitre cut on end of ceiling joists.

Fig. 4—Mitre on end of rafters.

Fig. 5—Miter on joists bridging.

Wall plates, joist headers, floor joists, and all studding are also accurately cut to proper sizes and lengths and marked for length and position for easy identification. For instance, each rafter is labeled "RAFTER," each floor joist is labeled "FLOOR JOIST," etc., so that you save precious time in locating each piece of lumber quickly.

## YOU SAVE WHEN YOU BUILD THE ALADDIN WAY BECAUSE FACTORY CUTTING AND FITTING REDUCES THE LABOR COST AND ELIMINATES WASTE

### WASTE! WASTE!

The above actual photograph shows the extravagant waste of good lumber. The 2x6 rafters projecting over the walls will have to be sawed off to have a one foot projection for eaves. The builder will have wasted and thrown in the scrap pile 160 board feet of good lumber, for the rafters alone, worth at retail at least \$20.00.

**ALADDIN READI-CUT  
SYSTEM SAVES  
TIME AND WASTE**

Waste consumes your dollars and gives nothing in return. It is an established fact that power-driven machines can do BETTER WORK at a LOWER COST than hand labor. The lumber in your Aladdin Home is accurately cut-to-fit by machines, marked and numbered, ready for erection. An Aladdin REDI-Cut Home saves considerably on your labor bill because no time need be spent measuring, cutting, and fitting on the job—this has been done in our factory by precision machines, with lightning speed, assuring you of a better-built, stronger, and more substantial home—and a home YOU CAN BUILD YOURSELF. Standard size materials are used in Aladdin Homes which eliminates waste. All millwork, doors, windows, etc. are manufactured to standard sizes, giving you the benefit of quantity production. The Aladdin REDI-Cut System of Construction saves thousands of dollars over the old hand-sawn way through scientific planning, designing, and cutting. Aladdin's complete drawings and construction details represent over Fifty-seven Years of testing for the best method of construction.

**REMEMBER, THE LUMBER THAT'S WASTED COSTS JUST AS MUCH AS THE LUMBER THAT'S USED. ALADDIN SAVES LUMBER WASTE.**

# ALADDIN BUILDING ESTIMATES

**FOOTINGS**—We give under "Cubic Yards of Poured Concrete" total number of cubic yards of concrete required for all main footings, column footings, porch footings, terrace floors, chimney footings and concrete steps when shown, also basement floors and floors for all attached garages.

**FOUNDATIONS**—Under "16" Blocks for Foundation" we give the number of concrete blocks required to construct the foundation according to our foundation plan. This includes porches and terraces where shown; also wall for garages if attached to house. All plans having basement stairs are figured for a foundation wall 10 blocks high. All plans without basement stairs are figured for a main foundation wall 5 blocks high. For foundation plans see page 67.

## SQUARE FEET HOUSE AREA

Below is given the square feet of house area for each of our homes. This area given does not include the garage, when shown in floor plans, or porches. It is the square footage of the house itself.

**PLASTERING**—Under this heading we give you the square yards of plastering surface, or if you use wallboard, the square yards of surface to be covered. The yardage includes all walls and ceiling surface. It does not include walls for any attached garages. All openings are included in figures such as doors and windows to allow for cutting and waste of your plaster base, such as rocklath, or wallboard.

**CHIMNEYS**—Chimneys and fireplaces are sometimes shown on our plans to suggest a practical location. Since we do not cut the openings in our homes for them, you can change the location or omit them entirely if preferred. The amount of material required for chimneys is as follows:

One 8" x 8" flue chimney, 30 bricks to each foot of height.

Two 8" x 8" flue chimney, 50 bricks to each foot of height.

One 8" x 12" flue chimney, 35 bricks to each foot of height.

Two 8" x 12" flue chimney, 60 bricks to each foot of height.

For mortar allow  $\frac{1}{2}$  bbl. cement and  $\frac{1}{2}$  cu. yd. sand for each 1000 bricks.

# *dry* LUMBER

NO GUESS WORK WHEN WE SAY  
**"ALADDIN'S LUMBER IS DRY"**

Our lumber is checked continuously for moisture. Our moisture meter tells us exactly the moisture content and we never use lumber that is not thoroughly dry or seasoned. Aladdin never piles lumber out of doors. All our lumber is stored in our mill and warehouses. Even though our thoroughly dry lumber may be subjected to rain, moisture will penetrate only the surface.

Shown above is the Electronic Moisture meter of advance design. Exact moisture percentages can quickly be ascertained from this instrument. This electronic register is your best insurance against warping, shrinking and all other failures due to improper moisture control.

## **DRY LUMBER**

is stronger, has greater nail holding power, and is more durable; will not shrink, warp or twist.

assures uniform size and minimizes the hazards of decay. (Green lumber will decay.)

gives long, satisfactory service—economical service, greater resistance to wear, stress and strain.

## **GREEN LUMBER**

is in effect raw materials. Green lumber—lumber that has not been properly seasoned—may seem like a bargain if you look only at the price, but placed in your home it is likely to shrink, warp and twist as it dries out. These changes in shape cause joints to pull apart, nails to loosen, walls to get out of plumb, and other structural defects that are a source of unending expense and dissatisfaction. Aladdin's over FIFTY-SEVEN years of home building experience gives you absolute assurance that your investment in an Aladdin home will be permanent and lasting. The use of dry lumber means better construction—and a sound investment.

HOME OFFICES  
BAY CITY, MICHIGAN

Dear Friend:

There are many interesting things to tell you about each one of the homes illustrated in this book.

But first, you must write us which house you are interested in. Before doing this, please refer to the Index of Subjects on page 3, as you will find references to many interesting facts about the different houses and our NEW SYSTEM of construction.

The NEW ALADDIN B-I-Y (Build-It-Yourself) SYSTEM has been developed with only one purpose in mind. That single purpose is to give you a better home which can be built in less time and at a lower cost. Be sure to read pages 6 and 7.

We have spent FIFTY-SIX years of study and work to make the homes shown here as nearly ideal as possible. However, Aladdin Homes are very versatile. Slight changes can be made in any particular plan to meet your personal needs and desires.

Aladdin Houses are built in thousands of cities and towns throughout the country--wherever you live there are sure to be enthusiastic Aladdin Homeowners. Write us for the names and addresses and we will gladly send them to you.

We anticipate the pleasure of working with you to the end that your home will be completed in a way that is pleasurable and satisfactory and at tremendous savings in cost.

Write us today for any information you may need that will help you with your home building plans.

Cordially,

THE ALADDIN COMPANY

## TERMS OF PAYMENT

### NO DISCOUNT TIME PAYMENT PLAN

1/3 of the amount of your order 60 days from date of shipment

1/3 of the amount of your order 120 days from date of shipment

1/3 of the amount of your order 180 days from date of shipment

Six months to pay, no interest charged

Write for prices on detached garages

### CASH DISCOUNT (5%) PLAN

Under this plan, when shipment of your material is made, we will mail you an invoice payable 60 days after date showing the amount due the Aladdin Company for your material.

The Bill Of Lading covering the material will be enclosed with the invoice.

A duplicate copy of the invoice will be mailed directly to your loaning institution for their information.

## FREIGHT PAID PRICES COVER THE FOLLOWING STATES

Alabama, Arkansas, Florida, Georgia, Iowa, Kansas, Louisiana, Mississippi, Missouri, Nebraska, North Carolina, North Dakota, Oklahoma, South Carolina, South Dakota, and Tennessee.

# Here's What ALADDIN Customers say about QUALITY - SAVINGS - EASE OF CONSTRUCTION

Gentlemen:

The material you sent to Sedona, Arizona, for the Ventura #1 home I built there was excellent. Many people -- contractors, lumber yard operators, and landowners have visited the property and commented on the quality of the lumber you sent and the grade of insulation material, roofing material, and hardware you supplied. Respectfully, B.S.S., Bountiful, Utah.

Dear Sirs:

I want to write and tell you how well we like our Aladdin Home. It sure is a Jim Dandy. We hired a contractor to build it because we have a large farm and could not find time to do it ourselves. The contractor was amazed and praised almost everything he used. We received more than enough of everything and it was -OK. You may put us as Number 1 on your satisfied customers list. Mr. & Mrs. T.C., Glenbeulah, Wisconsin

## SAVED \$3000

Dear Sir:

The materials sent us from The Aladdin Company were of the finest quality and I would certainly recommend any person interested in building a new home to purchase an Aladdin. We saved better than THREE THOUSAND DOLLARS and are completely satisfied with ours. Sincerely, R.H., Houlton, Maine

Dear Mr. Sovereign:

We have been meaning to write but we've been very busy. My husband took two weeks vacation starting the day our shipment arrived and at the end of two weeks the house was under roof! This was accomplished with just 22 hours help from a carpenter friend of ours and willing friends. Your instructions are very easy to figure out and if no time element is involved, a carpenter is completely unnecessary. Sincerely, Mrs. D.G., Uhrichsville, Ohio

Dear Sirs:

Enclosed are some pictures of our Plaza #4 home. We have had many fine compliments on the beauty of the house. The lumber and all other material was of the finest. We are well pleased with this home. There are a number of homes near here that are ready cut, but they don't match Aladdin. For instance 2x4 rafters, studding on 24", floor joists 18" centers and such. This was the main reason I picked the Aladdin Home for its sturdy construction. May I add, if any one can follow written instructions, they can build an Aladdin House. Sincerely yours, G.M., Mt. Alto, West Virginia

Dear Sir:

We are most happy with the quality of materials in the Aladdin House and the ease with which one can follow the detailed instructions you furnish. In short we are so pleased and had so very much fun and pleasure we are thinking of doing it again. Mr. J.C.B., Newton, New Jersey

Dear Sir:

My carpenter said it has been a long time since he has handled as fine material as the Oakland house has in it. He also is very proud of the Oakland. F.L.L., Brookville, Pennsylvania
